Dedication

I WOULD LIKE TO explain to you the reasons why I have dedicated my Life to my True Master and to his Supreme work. My Master has shown me a practical way how to be in touch with the Immaterial Energy inside of me, with Life itself! Then Life itself has shown me how She has weaved my existence in my Mother's womb, without any interference of my material mother, who was not involved in this weaving process. Consequently, after this Inner learning process that Life offered to me, I had the chance to realize that She is my Primary Mother, who created me with an incredibly wonderful way. She simply uses the material body of the woman as a tool and intermediate in order to make it possible for us to come to the world as new visitors, to recognize her, to realize the Indescribable Magic she brings and her Magical Environment, which was created with the sole purpose of our enjoyment and evolution!

So I realized that I am her Creation. I have not created any part of my body with my own hands, neither the Sun, nor the Water, nor the Air nor the Earth, which are the elements that sustain us during the centuries. So I am Life's Miracle and Gift, I belong only to Her! This is the reason why I am calling her as my "Very First Mother Life"!

Even the fingers that are now holding the pen to write about Her and about the experiences and the realizations that are being offered to me so gently and generously, they are all hers. I realize that everything belongs to her, I do not have anything that belongs to me to offer her, so there is only one thing left that I can do, by using another Gift that she has offered me, the possibility to Choose. And what I choose is to devote my whole Existence to my Mother Life and to her Real Representative,

who introduced her to me, through his Gift, which is the Knowledge of the Self!

Then, by the Grace of our Mother Life and our Master, who have allowed me to write everything that I have written till now, I would like to dedicate all these writings to the Human Race, so that they can all have the information. I wish and hope that my writings may reach the most remote parts of this Earth, and touch any heart, that might be interested to discover and recognize its own Beginning, Life itself. This can happen through the Knowledge of the Self, which is offered by the Living Master of Today in this Incredible Time we live NOW with him!

A few words about the author

MY DEAR FELLOWMEN, I would like to express what I have accomplished, urging me to let you know about it too, through writing and talking!

In 1975, as I was going to a movie, I met two disciples of my Living Master of Nowadays, who gave me a small card with an address to where I could go and listen to the experiences that some students were talking about, in their own ways of expression, about a Gift that their Master had given them, calling it Knowledge!

I was going there every day, as I had been inspired by their sincerity and selflessness, and then my time had come. After a six months time-period I received the Gift of my Master's Knowledge through an instructor who had come from India! During the first 7-8 months I followed the three recommendations of my instructor, which were: first to meditate for an hour; second to keep in touch with the company of the other students having the same gift, so that we could inspire each other; and third, service, meaning participation for the propagation of Knowledge!

I started having a soft inner turn, knowing and familiarizing with another domain and transmitter/receiver that we call consciousness, or heart, or soul or our deeper being (let's not get caught up in words!) I was feeling myself so human, so joyful and so tranquil, that I wanted to devote myself completely on what I was doing.

That had been making my life more and more beautiful, every day!

I was married, I had two blessed children, we were expecting a third one as well, the financial factor was really tough and my spouse was totally against whatever it was, that had begun

transforming my life to a more and more of a betterment, day by day!

Unfortunately at that time, after 8 months of beauty and joy that I had been investing in, after the recommendations of my instructor about the meditation, the gatherings in the halls and the service. Then came creeping in, a small diversion, and then I stopped practicing those three forms!

As a natural consequence, I returned back to those pathetic experiences of my past, were my old customs had been attached to the very cells of my being.

Trying to make a synopsis out of it, without any exaggeration, I will mention to you some of my daily customs that had become so strong interrupting temporally that beautiful journey that I had started to experience by that most beautiful Gift, the Knowledge of my Beloved Master!

It had happened for me that I had been born out a very poor, four children family, orphaned by father since I was two years old. I have been born in a very low life-standard suburb, by the Athenian grocery market and I have spent my childhood in the coffee shops of that area, where I got to get used to cigarettes and the Gambling-Dragon, the taverns and the bars where I had gotten used to alcohol and lust.

Gambling and alcohol had taken me over to such an extend, that had become my second nature-completely embodied in the daily routines for so many years that neither my marriage nor even my children, could pull me out of this miserable life! Within a short time period, after I have had completed my army service, I could count that I had gone through 22 professions: assistant barber, ice-block distributor on a donkey and carriage, grocer man, waiter, employee, photographer, employee of billiards, candle maker, paint shop employee, sailor, immigrant for two years in Australia, worker in a metal frame factory, worker in automobile factory, pastry maker, manufacturer of boxing sacs, painter, blacksmith, constructor, truck deliverer, water truck driver, driver, until after the army I decided to become a

taxi driver so that I would not have any boss over my head! My temperament was and still is, that of a bird flying out of the cages of this world. I mingled with all the castes of this world, especially through my last job as a taxi driver for a 33 years time period!

Just imagine a child that since it has 7 years old, had been looking forward in getting through with the school, then run home just to discard the school-sac in, and go to start gambling! I had become such an expert at strifto, a game that was very popular in those decades, back in 50's and 60's. At that time there weren't that many coffeeshops and billiards, we used to play out on the streets with coins, heads or tails, throwing them over on the backside of our palm. I remember three or four times a week we used to purchase the spaghetti and the bread for our homes, there weren't any funds from anywhere, and so it was a question of survival. That is why I had become such an expert in these games that they were already embodied to my very being.

Gradually, as soon as more and more of the coffee places had started to operate in our small neighborhoods, I started to play deck games on those green coated tables, as I had grown up a little bit, about 1415 years old, and there was not that much of police detection in those years.

Those decks and the backgammon had been so tempting to a child, that the passion that had grown through the strifto and the necessity of a profit, had made me such an amazingly passionate gambler.

You can imagine that gambling had possessed me so much, that even while I was asleep my brain cells would think about the deck games and the dais. Even in my insomnias, I would be planning about my tomorrow's card game. Whenever I would find a job, I would go, but my mind had been focusing on when I would be through, just to go back at the coffee shop.

I remember that I was so passionate that when I was winning money from barbuti, (a game with dais) or the deck game, I

used to lend money to the losers, so that we could continue playing. And like a stroke of a boomerang, I used to leave having lost all of my money at the end.

My poor wife had come in the coffee shop many times, accompanied by my brother and his wife, all of them trying to lift me up from that chair, as we had find a non closing coffee shop at Thession, where we would go to continue, not returning home for 30 or 48 hours, especially on Christmas holidays.

I was so ashamed for the loss of my week's salary, that when I was getting paid I would go straight in the coffee shop, having no money to give to my wife on my return home, at Sunday's morning. There were a couple of times that I wanted to disappear, to feel that I did not exist, but the existence of my children had been keeping me here. I kept promising myself and to my wife that I would quit, though that was a promise after another promise.

It was not possible for me to be detached from my embodied second nature now-destructive addiction to gambling. Imagine that my long-terms dream and my ultimate goal were about retirement, so that I could be in the coffee shop all day! I really envied those players in pension, because after the brake in my work from 25, I had to interrupt my gambling and run to the job that any boss would have given me.

As far as the alcoholism is concerned I had been addicted so much, that I remember that I had to always have a bottle of whisky in the back of my bed, in order to sleep. And as soon as I would wake up, my tongue had to touch whisky, to manage to get up from the bed. And at all times of day, as I was gambling, as I was working, or as I was in the car, I definitely had to have wine, beer, or whisky on my side, taking zips, along with the circumstances.

My hands were becoming shaky, my stomach was awfully aching; I was taking pills for some temporary relief from the pain. My headaches and the continuous cigarette-cough had been tormenting me, my vulgar vocabulary filled in nasty words

was relentless, my lust was intolerable, my disintegration had made me be ashamed of myself, watching that intensive humiliation progressively coming, in my down grading from a human being that I had felt with the Knowledge of my Master for about 78 months, to a subhuman.

My withdrawal from practicing the Gift of Knowledge of my Master lasted for about five years. That withdrawal had removed me far away from my home inside, had ruined me, disintegrating me to such an extend, with all the mundane rotten and cheap experiences of this world, but at the same time it had strengthened that feeling of shame in me, as well as the feeling of a return in the premises that my Master had showed me, that always so beautiful shelter existing within us, in which I had felt the inner joy, the freedom within and the serenity inside. So that I knew that there is an inside compass that can make so beautiful and so clear that daily journey of my life!

The feelings in my regret were so strong, that call for help towards the Knowledge inside of me was so sincere, in search for liberation, that I immediately started practicing Knowledge, came in touch with its students, and its propagation!

I started practicing again then, the three things that I had promised when I had received the gift of Knowledge!

That true repentance, that real longing, had liberated me from the material experiences of my body and mind, and the real three-sided fusion to Knowledge made my self discipline so strong, apprenticing me in rejecting gradually and painlessly all the substitutes of this world, those that I used to consider as the achievements of my free choice. The Saving and Liberating Knowledge from within, had awakened me, so that I could see that all of my free choices in this world outside, were only heavy locked chains, which could never be unlocked by any key, except from the magic Key of the Knowledge of my Beloved Master!

Hey! You can imagine how much Gratitude and Love grows after that, in the repentant life-sentenced prisoner towards the ONE that has granted him the Reprieve!

That indescribable Love and Gratitude towards my Master is flowing so strong, that is breaking all barriers! I begged him for my liberation, as I had known the Mercy of his Grace. Can I please introduce and give the message of hope to my fellow men, as I know that they are suffering from their lifetime obedience to their desires and the unbearable burden of their chains?

And the answer of my Liberator has been and is; of course, let them know, because I only exist for that reason; to liberate those that have realized that they are the slaves of their obsessions and are sincerely seeking for their liberation!

And those that they are not the slaves of the carnal and mind's desires, but they are the slaves of concepts and human intellectual knowledges and prejudice, not knowing the other form of inner chains, while being the slaves to their minds, they should know as well that there is a Liberator for everybody and for everything!

And He has allowed me in His Kindness and Grace giving me the most pleasing and Noble opportunity to inform everybody verbally or written!

That is why, as I mentioned before the word I achieved, has been just for the true repentance and the search for liberation from the fake past paradises, created by the human minds inside the circus of this world.

The Long Desired and indescribable by words most sweet outcome of my repentance and quest, is the accompanied Kindness, Love and Grace of my Beloved Master through His Sweetest, Exquisite Knowledge!

So that practicing the Gift of Knowledge, and by the Grace of my Master, the wheel of my life has changed its flow. The rest of my journey is always so beautiful, that I feel like passing this around to every human being, so that I can see my fellow people having that glowing Real Inner Happiness, taking that

beautiful journey in their life, providing us the possibility and the opportunity of endless learning in the infinite Wisdom within us!

There is only one Living Real Master, each time, one key, that it is the same for all human beings!

A preface about the poems

WHEN YOU READ THE TRUTH, it touches the Truth inside of you, wherever you are, no matter if the every day illusion takes this Truth away and makes you perceive it as utopia. Life is so simple and manifests with our Divine Breath. If you want to be familiar with it, you need to become Life's student.

To be able to feel as a student you need to have a Teacher; a Teacher who can teach you what you wish to learn. You cannot try to find a Teacher who teaches basketball, if you want to learn music... If you wish to study the Truth or the Perfection that resides within you, I would like to introduce to you the True and Perfect Master, who has offered to me a practical way, consisting of four (4) techniques. These techniques give me the possibility to get in contact with my Life, my Truth or my Perfection (you can name it as you like), which is within me. As his student I am learning every day and become familiar with my Life. I am gifted with the Magical Wisdom of the possibility to live in the hell of the external world and at the same time in the Inner Paradise of my own Life!

Why did I write above about the "external hell"? Because those who experience Inner Paradise, they absolutely know that everything that the human minds have created and are creating, they are all against our inner world. Everybody pursues to detach my attention from the Magical Inner Harmony, from my Inner Wisdom and Inner Joy, they steal my precious time and they make me like a toy for their deadly games and their dirty entertainment. So, everything is against the Knowledge of the Self, nothing can offer me what I need for my Inner Supreme Learning of my Life. On the other side they prevent me for the development of my Noblest Learning.

So, the student of Life receives the offer of the Inner Paradise, which is a shelter of the merciless external bombarding of this chaotic hell, ugliness and imbalance of other People. But also the student is offered the Qualities of Life, as Gifts and Weapons. These I express in the poems. The Gifts of the Qualities of Life, are for the student to enjoy, to have Bliss, Peace and Freedom. The Weapons of the Qualities of Life are for the student to confront, in a wise way, the qualities that his mind and other people's minds have. Then, as the learner is studying Life he learns Discipline and maintains the Gifts of his Body, the best way possible, so that he can use them to be a Servant of Life and Humanity.

My conclusion is that as you need your hands to eat, your legs to walk, your mouth to speak, your eyes to see etc, the same way the Human Beings need the True Living Perfect Master, in order to receive the practical way by which they will be able to recognize and realize the Magical Value of Life itself and become students of Life.

Because simply, this is my final conclusion on the reasons why the Humanity is suffering so much: Human Beings have not known their Creator and consequently do not know their destiny, have not realized what a moving and admirable miracle is their body and ignore what a potential this Heart can bring. So, instead of using everything they have and being offered they are abusing them, which is totally the opposite. There is total ignorance and total disobedience and the result is that all of their thoughts and actions are followed by uselessness or bad consequences, which is the "boomerang" for their learning. But the Human Beings always repeat the same mistakes and they do not learn from the law of "boomerang", so the journey of Life becomes intolerant and affects everybody around.

So what is my recommendation that I am giving, now that I have become a student by the Grace of my Master and Life? Know the Master who will introduce to you the All Mighty Life within you, invest in Life with sincerity, obey its rules and you

will have an Incredible every day destiny, with Indescribable Peace, Freedom, Bliss, Love, Clarity, Wisdom and Devotion! This is the Supreme Success of Human Existence. And this is possible only by the Grace of the True Living Master of every time, for the Human Beings of the time.

Life

My Most Beloved Mother Life
teach us how to get out of the jail,
how to free ourselves of our false ego,
our body and our mind.

And then please,
give us the words that will awaken us,
words to be sung by the Real Singers,
for all the Human Hearts to hear.

They have put us in the prison of our differences,
they trapped us with the idea of the different countries,
those who hate and are insane,
separated our Universal Country, the Earth.

They hated Love, Freedom, Joy
for centuries they have been spreading incredible disasters,
they created wars with felonious care,
for the sake, as they said, of this separate motherland.

* * *

Let's have something clear,
something which is the most important,
in the journey of our Life,
this can be the most edifying.

Our Divine Life
manifesting through our breath,
is totally irrelevant
to our mind's thoughts.

Life does not participate
to any of our daily works
It contributes its own Works,
is our Guide.

It has given us the gift to think
with our amazing mind,
but what we think and what we do,
these are the gifts to ourselves.

Yet, the Work of Mother Life
is the most pure and divine,
so different than the work of our mind
that brings illusion and destruction.

* * *

My Most Beloved Mother Life
I feel you every moment
that I focus my attention
to my Divine Breath.

By the Grace of my Master
who revealed the Life within me,
I can experience every moment
the Supreme Inner Celebration!

Different than our birthday
or our name day,
which we celebrate every year
in order to enjoy.

You can feel the Supreme Joy
every moment
when your Mother Life resides
in your Divine Breath.

* * *

We will clarify
one more important thing,
since many will ask
when do I follow my mind and when do I follow Life.

When you think and act with selfishness,
your guide is your mind,
when you think and act generously
then Life itself is your Guide.

This is the Selfless Nature
of our Mother Life,
giving offers to us
through the Sun, the Water, the Air and the Earth
till our last Breath.

The Supreme and Selfless Nature
of our Mother Life
manifests with our Holy Breath
offered to us every moment.

* * *

Our Supreme Mission
on this Planet Earth,
is above all to recognize
our Supreme Mother Life.

We need to learn to follow Life's will.
Only our Mother Life will show
what a beautiful life to live
and will save us from the cunning
who will try to set us traps.

Every malicious being,
is trying to use us for their own purposes
and in our journey
we follow their cunning mind.

Everyone is involved
trying to make us undertake a cunning mission
and they do not leave us the space
to know the Real Mission.

* * *

We all want to please other people
instead of wanting to please our Divine Self
who is our Dearest and most Truth
Permanent Companion.

Every effort
to please our God
is rewarded with Peace and Freedom,
Bliss and Wisdom.

Is rewarded with Clarity
and Divine Love as well,
the Path of Life
becomes Amazingly Beautiful then.

Ask for the Company
of your Savior God,
then you will always be the one who wins
in the war of your mind,
gaining the Supreme Gift of the Knowledge of the Self.

* * *

When we will recognize
the Invaluable Preciousness of Life
then we will gradually stop
from being relentless destroyers.

We need to realize
that the worldly disorder
has been created from individual lack of equilibrium
and will disappear when the individuals find the equilibrium.

Do not have any doubts for this,
the supreme Kindness will prevail,
cause this is our nature,
which has simply been converted.

It is our Fortune that the Master has come
and offered us his Living Knowledge,
otherwise our crazy minds
would have swept us away.

* * *

Our Master has come to introduce us to Life,
to recognize and appreciate our every moment,
and therefore change our attitude
since our minds will enlighten.

Our Mother Life
is only Bliss,
and to be able to enjoy it
you just have to admire it.

If you want to put in action
the machine of admiration inside of you
you need to invest
to the Knowledge of the Self.

There is one more machine inside of us,
the one of the Sweetest Gratitude
and if you put in action this one
Incredible Contentment you will have.

* * *

My dear Fellow Beings
if you want to feel
Peaceful, Free and Happy,
know that these are Inner Feelings
of the state of being, of Existence, of Life itself.

Experience the illusion of the materialistic world
but never attach to it,
and those of you who have been slaved
be detached.

Harmony, Freedom and Happiness
do not need to be substituted
by the human mind.
These are the unrivalled Gifts of Life,
the Highest Riches.

So, now that we are being offered
the Knowledge of the Self,
let's grab the Highest Opportunity
to be detached from the mind's substitutes
and from misery.

* * *

My Life, I thank You so much
cause you allow me to let other people
know You
in order to praise You.

Only the Highest Life
teaches the Real Art:
do what you do from your Heart
and you will always be Content.

The Sweetest Life is waiting for you
to offer you experiences that can inspire you make songs,
beyond imagination,
Experiences that are Noble and Awakening.

The New Age has come
when we can sing about Life,
Full of Gratitude,
we did not exist and now we are Alive.

* * *

What counts for Life:
we, its creatures,
to obey its laws
and enjoy its Real Joy.

What counts for People:
how much money
their fellow beings have
and what is their job title.

My dears, the Sweetest Life
has being offered to us,
only for enjoyment
and inner evolution.

Yet, the ridicule of this world
which is designed in advance to offer false joy
always brings misery
and lifelong troubles.

* * *

There is no bigger trouble, nothing more painful
than the ignorance of the Creative Power
who has brought us on Earth,
and who else? our Mother Life!

And on the contrary,
what an immeasurable and True Joy it is
to have come on this Planet Earth
to know our Mother Life.

The most Supreme Honor on this Planet Earth,
is when the Master gives us the “Key”
how to come in touch within
with the Divine Mother Life.

The reason we are coming on this Earth
is to enjoy Life Itself,
Life that offers the Highest Experience
every day Peace, Freedom, Bliss,
Love, Respect, Prosperity and Wisdom.

* * *

Every Blissful Day
that my Mother Life offers me
I can experience the Fulfillment
that the Inner Celebration brings.

Yet, this world
has invented the alarm clocks,
to make us run all the time
and play the deadly games of the foolish.

I have not been created
just to work, drink and eat,
but to fulfill my Soul
in this Omnipotent Life.

I am so lucky that my Master has come
and showed me God inside of me,
now it's possible to work and
at the same time experience Freedom within.

Never be confused, work is different than
the Inner Freedom of the Soul,
the body can work
and the Soul can experience the Ultimate Freedom.

* * *

Take note: the Sweetest Vision
of our Mother Life
is to bring together the Humanity
and stop killing.

The Qualities that belong to this Omnipotent Life
is Love and Respect,
we need to stop the hatred
and the silly decadence.

Those who divide the Human Beings
and do not long for their Unity,
take actions which give an ugly shape
to the journey of their Life.

You can experience the Supreme Joy
when you feel your God within,
and when you make efforts
for your Fellow Beings to experience it.

* * *

Our Mother Life
is the Supreme Love
Life has inspired Love
in every Living Being.

Have a look at your Nature,
how beautiful it feels when they love you,
you always seek for Love
to refresh yourself.

Oh! what a Highest Miracle is Love,
it can unite two different People,
its Power is Infinite,
it can unite crowds.

For those People who do not feel within
the Divine True Love,
every day is bitter,
and then they pick out their neighbor's eyes.

* * *

My Dearest Mother Life,
you are my Divine Breath
you dwell so close to me,
I can experience my Supreme Joy.

My mind's creations,
are steeling my focus,
they make me lose touch
with my Mother Life.

It's a great fortune, oh my Mother Life
that you are so close to me,
otherwise my tears
would have not been enough.

Now that it is revealed
that you are always with me,
I will try every moment
to offer you my attention.

* * *

People are building temples
for their imaginary god,
but God made the Human Hearts
to be the Holiest Temple.

The most Magnificent, the most Sacred Temple
is the Human Heart,
it is the place you can visit whenever you need
your God and King.

Without temples made of stone,
nor any brokers or books,
you can visit in a unique way
the Supreme Self Knowledge.

In order to truly experience
the Magnificent Temple,
you need to find the Real Broker,
the Living Master.

* * *

The very First and Supreme Miracle
is our Mother Life,
manifesting every moment
through our Divine Breath.

From this “Supreme Miracle”, Life
only miracles are coming,
yet, when is the Human Being going to realize
that they are miracles themselves and everything around them!

Invest in the Knowledge of the Self
to be able to flee from the narrow perspective of the mind,
to be able to see through the multidimensional Soul,
to be able to be unbelievably ecstatic over life.

I am smiling with Love and Understanding,
cause I know we are living in the middle of numerous Miracles
and yet the People are looking for Miracles
in the middle of all the stupid things.

They do not care to learn about the Life that created us,
that offers us everything, including the Breath,
and they see as miracles their deadly games,
which lead the people to their coffins.

* * *

The Divine Words of my Master
is the sweetest food for my soul,
the moments I do not listen to him externally,
I listen to him through my Breath.

When I focus my attention
on my Divine Breath,
a Divine Conversation begins
and I am full of awe and bliss.

The thoughts are always trying
to steel my attention
and the real play is manifesting in the heart
with the Knowledge of God.

I am unbelievably lucky
that I have been given the Gift of Choice
so that I do not live in the prison of my mind
and experience the Presence of my Master.

Knowledge

People need to be united,
this is the only way to be saved.
They need to get rid of the division
and return to the nice times of the childhood.

But to succeed for this Union
with our Fellow Human Beings
first we need to have Union inside of us
with our Divine Self.

The Knowledge of the Self
cleans the cancer of the mind,
some foolish are teaching the differences
and create cureless plagues.

Only the Knowledge of the Self
can show our similarities,
when we recognize them
we will eventually resolve our differences.

Only the Knowledge of the Self
can show us the Unselfish Love,
and provide the Wisdom and Clarity
that is needed to bypass the hatred and illusion.

* * *

My dear Fellow Human Beings,
since we are alive today
let us make a serious effort
not to live in a shallow and ephemeral way.

We have full responsibility
not to bring garbage
to the next blissful coming Generation,
since when God brings us to life we are Pure and Innocent.

Why should they inherit weapons,
prisons, nuthouses and drugs,
gambling, trading of People
and other catastrophic canker?

If we study the Knowledge of Ourselves
we will become more responsible and conscious
this will bring us clarity
and stop us from bringing the darkness.

* * *

We need to understand
those of us who are awoken,
that without the Knowledge of the Self
there is no way of Real contact between us.

Only the Knowledge of the Self
has the Highest Code,
which is the Dignity, Love and Respect,
that exist in every single Human Being.

Many will reject and frown
on Self Knowledge,
because there are established for centuries
many captations that bring separation.

Those who will fight against
the Knowledge of the Self
are those who did not come close to its apprenticeship,
to learn how to respect and how to love.

It is indescribably sad
the fact the we have been given by our Creator
Incredible Assets for Evolution inside of us
yet, we live on this Earth and feel like a cut lop without any fruits,
because of our ignorance.

The ultimate purpose of the Human Soul
is to recognize Mother Life
and when they meet, they will then live together
Eternally with no separation, embracing each other.

* * *

It is so much necessary
the young People to start to be trained
with the Highest Knowledge of the Self
in order to be able to teach the kids
and exterminate everything that is useless for
the learning process of the mind.

This country needs renaissance in order to evolve
to make it happen the Highest Knowledge is needed,
to bring back the Knowledge of the Self,
the Knowledge that enlightens and exalts the Human Mind.

If we want to bring back the Pure and Bright Times
of our Bright Ancestors
only the Knowledge of the Self will drive us
towards this Inner comeback.

Only the Knowledge of the Self
owns and provides all the assets that the Human Being needs
in order to move higher
to conquer the mind and the body and to attain liberation.

You can attain a Healthy Mind and a Healthy Body
if there is the Knowledge of the Self,
which, by itself is the Supreme Health
of the Inner Divine Illumination.

* * *

The Sublime Knowledge of the Self
is the Bringer of Love, Enlightenment and Respect.
Unfortunately the Ignorance of the Self
is the bringer of hatred, disrespect and darkness.

People are controlled and directed
from other confused people who are in key positions
and are like the wolves
amongst the lambs.

If you do not resolve your inner conflict
through your Divine Self,
you will confront your fellow Human Beings
as enemies.

There are some exceptions when the confused people
call other people their friends
but this is a untruthful behavior,
sooner or later fight will come.

Do not fight
any other Fellow Human Beings
know the real Friend who is waiting for you,
this Friendship will last Eternally.

* * *

The one who invests in the Knowledge of the Self
will experience Peace, Freedom, Happiness and Wisdom.
The one who does not invest in the Knowledge of the Self
experiences trouble, slavery, unhappiness and illusion.

We have abandoned the relationship
with our Divine Self
and we receive garbage from everywhere else
in order to deal with them through our mind.

We have to begin the relationship
with our Supreme Self inside
it will take away all the garbage
that they have put in our mind.

There are some who transformed the People
to bringers of poisons and weapons
and also to receivers of the craziness
and they ended up in the worldly nuthouse.

The Human Beings can be saved
now that they are alive!
Those of you who wish the Supreme Experience
invest in the Sweetest Knowledge of the Self.

* * *

The Powerful Therapeutical Qualities of our divine Self
Love, Kindness, Compassion, Harmony,
Clarity, Simplicity, Freedom, Bliss and Wisdom
they lead us to an Incredible Evolution.

Let us invest in the Knowledge of the Self
to illuminate the core of our mind,
so that we do not tend to take dark deeds
but to function through the Pure Heart!

Let us invest in the Knowledge of the Self
to become worthy of our Creator
to be like he brought us to Life, Purest Infants
fulfilled with Peace, Love, Freedom and Joy.

Let us invest in the Knowledge of the Self
to get away from the limits of our mind,
discover the possibilities of the Heart
and stop living in smallness.

The Knowledge of the Self will teach you
how to live beautifully every Blessed day
because you will evolve inside
traveling on this Life's Wingless Wings.

* * *

My dear Fellow Human Beings,
let me declare to you
the way by which
the Humanity can be saved.

Only by experiencing
the Knowledge of the Self
you can reject your concepts
and all the unnecessary stuff that is coming from the mind.

Only Knowledge
can transform the Human Beings
and give them the freedom needed
for the salvation of Humanity.

Only the Creator
who weaves his Creatures
knows which is the biggest need
for his beings.

If you do not promote the Knowledge of the Self
in the education,
I am sorry, but you will experience a circus
with disgusting performance.

I hope I made very clear
the reason why
every society
is collapsing.

* * *

By Experiencing the Knowledge of the Self
you will love Your Self more and more
and consequently
you will love every Fellow Being.

By Experiencing the Knowledge of the Self
you will truly start to respect yourself
and consequently
you will respect every Fellow Being.

By Experiencing the Knowledge of the Self
you will truly start to appreciate yourself
and consequently
you will appreciate every Fellow Being.

By Experiencing the Knowledge of the Self
you will truly start to understand yourself
and consequently
you will understand every Fellow Being.

So, then, by giving priority
to the Highest Qualities of Knowledge
the annihilation of the human kind
will stay behind.

* * *

The Ignorance of our Divine Self
makes us destroy each other
since we do not appreciate
the Supreme Gift of our Life.

Only the Knowledge of the Self
can teach you how to understand
more and more
the invaluable Value of our Mother Life.

Only the Knowledge of the Self
can bring you in touch with yourself
so that each one of us can experience
his Sweet Mother Life.

Close the doors of the false pleasures
of the body and the mind,
then you will experience the Supreme Pleasure
of the Knowledge of the Self.

The Highest Enjoyment
is Life itself
but to experience it, you need to become a student
of your Divine Breath.

* * *

The Next Generations
will be incredibly lucky
because now the generation is awakening
and is building a beautiful era.

This Worldwide Awakening
happened because of the True Masters of every time
and the Master of our time
gives the Gift of his Living Knowledge and Wisdom,
so that Humanity can always have
Peace and Prosperity.

Every Generation
will have a Living Master,
True Master
so that People can have the choice
and those who wish to Evolve and attain Union
to march towards Knowledge.

Those of you who visualize “the Good for all”
if you remain scattered
it is no different than
being dead.

If you want to recognize
the code of the Immaculate Connection
in your very Life,
you need the Knowledge of the Self.

* * *

If you want to free yourselves
from the thoughts of your mind
you need to study
the Knowledge of the Self.

The thoughts of God
are incredibly Essential
the thoughts of the mind
are incredibly flat.

If you would like to listen
to the Thoughts of God
you need the Wisdom and the Grace
of the real Master.

And if you become intermediary
of the Thoughts of your God
then you will experience the Harmony
of the Soul, the Body and the Mind.

* * *

Having the Knowledge of the Self
the minds are illuminated,
no matter how dark they were
and the hands can cure,
no matter how many crimes they had done.

We can change the conditions
of our body and mind
if we recognize inside of us
our Divine Self.

No matter how unhappy
People are,
if they study the Knowledge of the Self
they become Happy.

No matter how tied
People are,
if they invest in Knowledge
they become Free.

* * *

The Knowledge of the Self
can give you Consciousness
because you get in touch
with God inside.

The Divine within us
is not unreachable and prohibited
on the contrary, that is why we are here
for the Creature to know its Creator.

That is why it is said
that God is Everywhere
and the Kingdom of God
is inside of Us.

Since God is everywhere
how is it possible
to proclaim that He resides in heaven
and is not inside of Us!

* * *

Only the Knowledge of the Self
will resurrect your Soul
when you recognize inside of you
your Mother Life.

Only the Knowledge of the Self
will liberate your Soul
when you will discover inside of you
your Almighty Life.

Only the Knowledge of the Self
will teach you Real Wisdom
and how to experience every day
Peace, Love and Prosperity.

Only the Knowledge of the Self
will clean the dirt of your mind
and give you clarity,
so you can have a beautiful journey in Life.

* * *

The Knowledge of the Self
does not beg for followers
like other people do, acting through their mind
for their own benefit.

The Knowledge of the Self
is offered to those who aspire for evolution,
those who want to experience every day
their inner being.

The Knowledge of the Self
does not relate to any religion
is offered to those who seek
the Supreme Freedom.

The Knowledge of the Self
does not relate to any philosophy
is offered to the True Seekers
as a Highest Experience.

* * *

The media have their own structure
in this dark age,
so we are trying to promote this message in writing,
in order to reach every heart.

We will try to promote it with songs as well,
so that more ears can hear it,
since it is the noblest,
and the most friendly, hopeful and important.

If this Highest Message
touches the Soul of the Beings,
the History will change in this country
it will elevate.

Although we have experimented
all the ideologies,
still people try to take advantage from others and be in separation,
unfortunately the world becomes more and more crazy.

Now the Divine Age has come again
the Age of the Knowledge of the Self,
for the People to be able to communicate
with the Highest Feelings of Love and Respect.

* * *

I feel like a King,
because my Master has given me Knowledge
to get married with,
I did not know that this Knowledge is the Queen
and with this marriage
I would be able to attain liberation.

I was reading in the Scriptures a motto saying
that only the Truth can liberate you,
but I could never imagine
that this was about the Knowledge of the True Master.

The Wonderful Knowledge of the Self
is the Queen of all kinds of knowledge,
the one who will have the privilege to get married with her,
will also attain liberation.

This marriage with Knowledge
is beyond any imagination,
it offers the privilege to the Human Being
to be in touch with the Divine Essence
and experience Supreme Freedom!

Love

Our Holy Mother Love,
I thank you cause you gave me soul,
then you transformed me into sperm
and weaved my body.

When I reflect
this Incredible miracle
my realization turns to
a Deepest, Happy weep.

You provided an Incredible
Paramount Feeling machine,
through which I can feel every moment
your Divine, Maternal Breath.

Every time you are coming in the “Embodied Form”
of another Master,
you show us your Love inside of us,
without it the Human Beings would have killed each other.

* * *

The Holy Love Incarnated again,
travels on Planet Earth continuously,
to attract the Human Beings
like the Mother attracts their kids.

The Holy Love is trying
to unite all the People,
so that the wars go away
and the willing of killing disappears.

The Holy Love is revealed
with the Real Master of today
during this glorious Time,
those who will recognize him
will be incredibly lucky.

The Divine Love will smuggle away
the pain and the misery
and will reveal through the Knowledge of the Self
the Inner Peace and Bliss.

If the Divine Love did not offer with generosity
its Knowledge at this time,
Humanity would have been destroyed
out of the hatred and madness.

* * *

The Divine Love
incarnated once more,
attracted the Human Being
and elevated again.

The ignorance of the Self, the lies and the pride
led the Human Beings to the fall
fortunately the Real Master came
and save them again.

If the Living Master did not come
to offer the Knowledge of the Self,
people would fling about in pain
because of the hatred and the wars of the mind.

The Divine Love gathers again its confused kids,
like a Mother,
and reveals its Miraculous Love
that resides in every single Human Heart.

Let us try to stop the confusion
by knowing the Divine within us first,
then we will be able to feel every Human Being
as a Dear Brother.

* * *

Remember that the ideas you have borrowed
from those who are lost,
will always keep you in confusion.
Only the Feeling of Love and Respect
that Knowledge brings, will be able to save you.

People will live in hog houses
as long as there exist arsenals.
They will always create wars
amongst the indifferent and confused people.

Discover within you
the Ultimate Love,
through the Knowledge of the Self
then the wars, hatred and deceit will fade.

Discover through the Knowledge of the Self
the Sweetest True Love
and gradually all the united people
will unite.

* * *

Only the Supreme Love
can transform the People
but they need to experience it
by investing in Knowledge.

Like the potter
takes the mud
and transforms a vessel
into a magnificent and useful pot.

The Divine Love
is inside all of us,
it manifests as True Joy,
unfortunately the human minds ignore this.

For this reason I would like to inform you
that you can find it as well,
you can free yourselves
from the troubles that the mind brings.

* * *

Only with the Knowledge of the Self
you can discover the Divine Love within
and then you become extremely wealthy,
you own the Priceless Diamond.

Without the Divine Love
we are so poor,
we are trying to achieve everything
in order to feel superior.

The First Link of the chain
is the Divine Love,
it can unite Humanity,
and bring Liberation.

Only the Divine Love
can make a Human Being totally Free, so
those of you who wish to have True Freedom,
you can experience it through Self Knowledge.

* * *

When we become saturated
with the Divine Love within,
then we will reach the threshold
of the prisons and the poor.

You may say that in the prisons
the water and the food are guaranteed,
yet, the conditions keep on being terrible
for the prisoners.

There is a more important priority
for those who are in a bigger need,
those who die because of lack of water
or because of lack of food.

Awaken my Dears,
you spend so much for gambling every day
for drugs, cigarettes or alcohol,
yet, you can change your habits
and offer food and water to those that are in need.

* * *

Carelessness and hatred
have no limits,
Love and Care
have no limits as well.

This indescribably wide gap
between poverty and wealth
is made because of the lack of Love
from one Human to another Human.

Only the Divine Love
can remove all the gaps,
make us live with Compassion and Respect,
without disregard, fights and hatred.

So, if we wish to experience the heaven
in our Heart and on Earth,
we need to recognize Mother Life,
Life knows how to remove the hell.

Nature

The Knowledge of the Self
gives us the potential to appreciate
the numerous Gifts
of the Miraculous Creator.

Our Fundamental Mother which is the Discarnate Life
is the one who possesses
and gives the Food
to every Human Soul.

Created the Magic Nature,
as a mother,
and with its Sun, the Water, the Earth and the Air
preserves all the beings every Blessed Day!

Yet, we do not know
that our Life provides food to our Soul,
we have not realized
that we all are alive because of Mother Nature.

* * *

The Magic Planet Earth
is like an apartment
in the Limitless House of the Creator,
which every crazy person tries to make it his own farm.

Like a dishonest tenant
who causes destruction
to the house they rent,
because one day they will leave.

The second important lesson that gives
the Environmental Science,
to the young kids
is how Precious is the Nature,
and how much respect and love
it deserves from the Human Beings.

The First and most Noble Learning
that the Global Education needs to include
is the Supreme Self-Knowledge
and then the Sweetest Environmental Science.

If the People from a very young age
start to study about our Mother Life
and the Sweet Mother Nature,
then the Humanity will be able to feel appreciation!

* * *

The Blessed Planet Earth
feeds us from time immemorial
with the numerous different Goods
and its Purest Divine Beauty.

The Superior Forms of Intelligence of Life,
the Sun, the Water, the Air and the Earth
are made to give us the possibility to reside on Earth
and we convert them to cause disasters.

Now all of us who are awaken
and understand what a destruction is going on,
we need to come together
and cooperate.

We need to be strict
with the speculators who bring
destruction to our Home Planet
and do not care for the people now
and for every coming Generation.

* * *

The foolish should not destroy
the Magical House of the Creator,
who created its Visitors
to be pleased and enjoy.

I consider the tolerance of each one of us
as inactive participation,
it is the reason why this indescribable destruction.
takes over on our Planet.

Since the Awaken and Conscious,
we are still alive
let us clean up the garbage of the crazy
and welcome the innocent Babies.

But be careful, the clean up needs to start first
from our own Self,
discovering our Divine Self
will make us able to inspire every Fellow Human Being.

Ignorance and the dirt of the mind
will not go away, it is not possible
if we do not replace them
by the learning of the Knowledge of the Self.

* * *

Following the praises to our Mother Life,
who is revealed to us through our Divine Breath,
I feel to praise you as well
oh my Sun, my Air, my Earth and Water.

Oh Sweetest Mother Life,
you are behind every unsubstantial and material form
and you have helped me to realize
that You have created the Sun, the Water,
the Air and the Earth, for me to be able to be alive.

To be able to be a student
and in their Simplicity
and their Generosity
to learn that I am one in their Lap.

This is how we have to become as well
Simple and Generous,
and the way they cooperate
for our Subsistence
we should all cooperate
for our Union.

* * *

We think that the Elements of the Nature
are separate from us and superficially,
yet, they are also inseparable
in the Arms of Life.

The Intelligence of the Sun,
the Air, the Water and the Earth
is incomparably Superior
than the human Creatures of this Supreme Life.

Do not forget, the Elements of Nature
are our Masters
and at the same time our Servants
and irreplaceable Supporters.

They look like they are different
each one with its different role,
but they all cooperate for the same Purpose,
in order to offer us the Important Fruit.

* * *

Oh Divine Drink, Blissful Water,
you do not only give us Life,
but you also wash us and we feel
refreshed and clean.

When the Human Beings realize
your Indescribable Preciousness,
they will not drink poisons again
they will drink only you, your Purest Coolness.

The foolish despise you
and drink their poisons
and they end up with diseases, separations,
madness and killing.

They need you only
for their cleaning,
washing their toilets
and their cars.

* * *

Our very Blessed Beloved Earth,
you do not only give us Life,
but you also offer us Numerous Goods
and we never thank you, not even once.

When People realize
your Indescribable Preciousness,
they will not put on you the coat of asphalt
and bury your Magical Treasure.

They build race grounds that bring death
on your Blessed Ground,
they become maniacs
the kings of the asphalt.

They set fires in your Life Giving Forests,
only for money
an they build prisons out of cement
and nuthouses.

It looks like they are upset
by your Purest Beauty,
and they pretend they are architects,
but they use your very materials.

* * *

Our Very Blessed Wind
you are the Invisible, Magnificent Flute,
you do not only give us Life,
but also spread your Divine Music everywhere.

You create Magical Dances in the Sky,
with your extraordinary Clouds
and in the Beautiful Seas
with your all white horses.

You are swinging on this Earth
amongst the Trees and the Plants,
you make us feel everywhere
your Pure Beauty.

You desire to bring us coolness all the time
and in the hot sunshine
you become the Invisible Fan.

* * *

Our Very Blessed Sun,
you do not only give us Life,
but you also allow us to see
the Divine Paintings everywhere.

With your Shining Light,
we can see much further
and are longing every day
for your Sweetest Arrival.

Without you,
our personal cameras, our eyes
which have been given to us by our Creator
would be useless.

In your Sweet Presence
darkness disappears,
and now the Humanity is illuminated
with the Divine Knowledge.

* * *

Do not be fooled, oh People,
that the economy preserves us.
We are preserved and totally dependent
upon the Elements of the Nature.

No matter how much money you will receive
and how many diplomas you put on your walls,
do not cheat yourselves,
we are all dependent
upon the Divine Elements.

Every Blissful Day
learn to be Grateful
to the Sun, the Water,
the Earth and the Air.

Become students
of our Mother Life,
you will gradually learn that Life is the operator
of the Sun, the Water, the Air and the Earth.

* * *

The Supreme Knowledge teaches us
to recognize our Mother Life
and its Performances
which happen every moment.

When you are in harmony in you
with Life,
then you can also appreciate
the Planet that sustains us.

We are one with all and yet
we perceive them as foreign,
cause we do not know our Origin.
And then the Master comes to introduce us
with our Beautiful Life.

Only when we will recognize within us,
our Mother Life
then we will be able to experience
the Daily, Inner Celebration.

* * *

The Blessed Animals have been given to us
as Gifts for their products,
they are not for you to kill them
and eat their bodies.

Anyways,
we have people around us who are killing the Humans
so, how is it possible not to have
people who are killing the animals?

This uncontrolled arbitrariness
towards all forms of Life,
is happening because there is no realization
for the Supreme Gift of Life.

That is why Self Knowledge
should be taught in Formal Education,
because the first thing we need to learn
is the Invaluable Preciousness of Life.

* * *

People who are lacking water and food
will understand
the Incredible Preciousness of Earth
and its Indescribable Necessity.

They will understand that their famous technology
cannot give them life,
and money cannot be their god,
they will be more clear and their ego will deflate.

They will gradually realize
how unnecessary is to accumulate garbage,
the scientists, traders and buyers
will understand how crazy we have become.

We print many banknotes
and make different games, by changing the material objects
yet, these do not provide us Life,
like the food and the water do, they support us.

Let us not be proud
and indifferent for Mother Nature,
Nature supports us
and supports everything that exists on Planet Earth.

* * *

Oh! Very Blessed Mother Nature,
you have created so many things,
you support your Blessed Beings
with your Countless, Various Goods.

In the morning in the country
our little brothers, the birds, awaken us,
they sing your Glory
and fascinate our ears.

In the morning in the cities,
which are made by the foolish human minds,
the cars and the buses
awaken us with anger.

They have dressed the Most Fascinating Sky
with a black and grey garland
coming from the gas fumes and the chemical dirtiness
created by criminal minds.

Some crazy people with a lot of disrespect
have hate for your Beauty
and destroy your garments
by killing and poisoning all the living beings.

* * *

With your Eternal Kindness
and the Eternal Patience,
you do not care about the destroyers,
and you transform your Magical Form.

Those who appreciate you
are grateful to you from inside,
for the relentless support
your Love and your Silence.

Our Mother Life
is so humble
she leaves her benefits,
but never manifests.

The Human Transmutation

They have made you believe
that the Heaven is in the sky,
they like to shape other People
and make them silly, this is how they want them to be.

Paradise, my Dear Friends
is here, waiting for us inside of us,
this is where the Highest Life dwells,
every Human Being can feel it through Knowledge.

Paradise and hell
are both inside of us,
Paradise is the feeling of the Heart,
hell is in the mind.

* * *

Through the Knowledge of the Self
you will discover first
your transmutation,
then you will be able to transform.

You have been scared with
the transmutation of the food.
Now you need to pay attention
your personal transmutation.

Those who have started this transmutation
are willing to poison your mind first,
then it is easier for them
to poison your food as well.

The Knowledge of the Self
will make you Conscious and Clear,
will teach you how to keep away from the useless food
of the mind and the body.

Destiny

Finally, everything is starting from us
and is ending to us.

If you do not love, you do not respect Yourself,
thus you cannot love and respect
your Fellow Human Beings.

Every thought and action
of our every day travel
have a direct influence
over the soul, the body and the mind.

So, the one who wishes
to experience a Gorgeous
every day Destiny,
needs to become a friend with his Divine Self.

Do not let the world and your mind
to befool you,
you experience your destiny every day
during your Wise or foolish existence.

* * *

Do not let your mind to befool you,
we do not live in the vague future
neither in the dead past,
we live in now, the Divine Now.

If you do not learn Today
to live in “Now” with delight and consciousness,
how are you going to make it tomorrow
since when tomorrow comes, if you are alive, it will come as
Now?

So my Dear Friends,
if you wish to have a Blessed Destiny,
and live the pleasure of each moment,
do become the students of our Mother Life.

The Destiny of our Mother Life
for its Creatures
is to show us how to live every day
in its Peace, in its Freedom
in its Indescribable Joy.

Our Body, A Construction, A Miracle

Your Body, this Construction is like a vessel
and an Incredible Diamond Mine,
but because you do not know it
you give it to anyone to use it.

Everybody steals your diamonds
and you become a thousand pieces,
when they finish their job
they drop you in the garbage like a used lemon peel.

This way you will never be able to discover
the possibilities you have,
they have put everywhere
their mousetraps for you.

Everybody is trying to step on others
in order to succeed their selfish goal,
pride urges every mind to pursue the highest point for themselves,
if you do not surrender to the mind of other people
you will become their worst enemies.

* * *

Offer your Vessel
to the Supreme Life,
to reveal its diamonds to you,
and to be used for the Supreme Mission.

Become a Vessel of God
and not an instrument of this world,
then you will become the distributor
of the Knowledge of the Self.

God did not create us
to generate garbage through our mind,
but to be fulfilled from being students
of the Knowledge of the Self.

The Human Vessel must always be full
of Supreme Love and Wisdom,
of Peace, Freedom and Bliss,
these are the elements of Life.

* * *

The Unceasing Gratitude
is coming from Conscious Humility.
By recognizing what a magnificent miracle is our body,
with its Wonderful Gifts, which are our weapons.

This Incredible Miracle, our body
is not ours, it is rented to us by Life itself,
many are those who take advantage of it
and have rented it from a tenant.

And not only this,
they buy and sell the bodies of other people,
they start determined wars
and luxurious official prostitution.

If we start to realize
that it is not allowed to us to use
something which is not ours,
all the scenery will become beautiful, inside and outside.

* * *

The Supreme Feeling of the Heart: Fulfillment

Let us talk now about
the Supreme Feeling of the Heart,
the only one that can fulfill us,
and consequently can free us from the struggle.

Remember, your Supreme Fulfillment
of the mind, body and soul
can happen only
when you learn to come in contact with Life.

If you do not learn the Art
to fulfill your Existence,
I am sorry, you will not be satisfied
through the Journey of your Life.

The unsatisfied part of your “Existence”:
why do you live a miserable Life,
when it is so simple to become happy?
when you recognize God inside of you!

* * *

To Fulfill my eyes,
you offer me the Sun and its Light,
and I can admire the Indescribable Magic
and be filled with Awe and Bliss.

To Fulfill my ears,
you offer me your birds as singers,
your Wind, the trees and the waves in the sea
are the Divine Sounds.

For the Fulfillment of my smell,
you offer the magical perfumes of the flowers,
they are so attractive,
like the Pure Babies attract us.

For the Fulfillment of my mouth
you offer me fruits and foods
and unbelievable variety of juices,
like Divine Drinks.

* * *

For the Fulfillment of my body
you offer me your Divine Love,
to be able to bring descendants on Planet Earth,
so that they can also know this Miraculous Life.

For the Fulfillment of my mind
you offer me the thinking machine,
to be able to think of my Creator,
his Knowledge and my Admirable Master.

For the Fulfillment of my soul
you offer me the feeling machine,
to be able to feel my Breath,
on which my All Powerful Life is swinging.

Finally, all my Existence
if fulfilled by my Creator – Life!
Do not look outside for your Fulfillment,
Life will fulfill you only from within!

* * *

The Vacuum

When there is absence of Fulfillment
the vacuum governs,
the unsatisfied mind
makes the people run everywhere.

It fools them, making them believe
that they will be fulfilled by these and those,
it makes numerous substitutes
and sees ghosts everywhere.

The inner vacuum
is boring and painful,
it makes the Human Being every day
a living dead.

Only with the Knowledge of Your Self
you will fulfill your existence,
then the journey of your Life
will have a meaning.

* * *

The Head

Our head is another Divine Gift,
the basement of all our senses,
and our face is like our portable
personal television.

Like on the TV
is shown on the screen,
either a nasty and disgusting film
or a Magically Attractive documentation from Nature.

The same way our personal TV
is projecting from inside on our face
either figures and words coming from our selfish mind
or the selflessness of our Divine Self.

So, our face
is our bodily television
we either project our work as something disgusting
or as something Sincere and Attractive.

The Feeling Mechanism

Inside of us we can find
a more amazing mechanism,
the Feeling Mechanism,
without it everything is an illusion.

The Feeling machine
makes the present illusion real,
when the illusion is present in the materialistic world,
in the Immaterial Reality is absent.

I distinguish the Feeling Mechanism
because it is amazing,
the body never feels satisfied,
no matter how much you are thinking about the water and the food.

The thoughts can guide you
till you find the food and water,
yet, it is more important for the body
to “feel” them.

* * *

The Mechanism of Thinking and Choice

Another amazing mechanism
a Divine Gift of Life,
is the thought and the choice
we either think to help
or we think to destroy.

The Gift of the Creator
is the mind that can think.
Now, the gift to ourselves
is what we think about.

So, you can see very clearly
that we create
our every day destiny,
we have the choice to think whatever we wish.

The thought and the choice
are Gifts for Freedom,
it is dependant on how you are using them,
for your Bliss or for your total destruction.

The thought and the choice
is an incredible magic wand,
it can drive you in the darkness so that you do not hurt yourself
or it can cause destruction everywhere.

* * *

The Mechanism of Memory

Another Divine Gift inside of us,
is the mechanism of memory, that Life has put inside of us,
in order to tap in the past
according to our choice.

Memory is
our internal DVD,
we can see any videotapes from the past,
any time we like.

We can see the bad things, and have them as a lesson,
never to fall again into a trap,
or we can see the beautiful times,
when we were feeling Joy,
so we can compare and recognize the best.

Every wonderful mechanism we have
has two sides,
what we want
and what we deny.

* * *

The Brain

In the womb of our mother
the Miracle Maker has made our brain,
to place his Wisdom within us,
and not for us to put our garbage.

Everybody pretends they are wise,
and everybody is at least foolish,
since they do not study the Knowledge of the Self
and they are offering the knowledge of the mind
which lacks wisdom.

Those who let other People
shape their own minds,
they become selfish and hypocrites,
thieves and killers.

On the contrary, the People who are shaped
from the Wonderful Knowledge of the Self,
they become Sincere and Unselfish,
they care for the others and have dignity.

* * *

The Eyes

Our Eyes, the Divine Gifts,
I do not say Gift, but Gifts,
because if one of the two eyes becomes blind,
the other one is sufficient for us to see.

We have two incredible machines,
for photography and cinematography at the same time.
When I open my eyes
I can film the Magic of the Nature,
without having to carry any technological equipment.

The Unseen Power of Life
has created my eyes in the womb of my mother,
to be able to admire my Creator and the Creation,
these eyes are not made only to see
the achievements of technology.

* * *

The Creator has made my eyes
to be able to run and help when I can,
and not to use them
for steeling whatever I see.

The Creator has not made the eyes
to be able to see the miniature of Disneyland,
but to be able to see
the Divine Huge Painting.

My Creator has made my eyes
to be able to cure other people
and not to shoot with weapons
and kill the Creatures.

My eyes, which are like cameras
have been given to me to admire,
and not to rush to different shows
and pretend that I am having fun.

My eyes have not been given to me
to become a slave of lust,
but to be able to see the Innocence
and feel Freedom.

* * *

The Inner Eyes of the Soul

I encourage you to experience
something that is happening beyond the Materialistic World,
incredibly Magical.

For this you need to appreciate
the Miracle Maker of your Eyes.
He will open the eyes of the Soul,
you will be mesmerized by the Immaterial,
Lit with Colors, Varie-Gated Painting.

Like a blind person cannot
see the materialistic paintings of the Nature,
the same way our material eyes cannot
see the Immaterial, Lit with Colors Painting.

The fact that the blind person cannot see
the real painting of the Nature,
does not mean that this painting
does not exist.

The same way exactly,
the fact that our material eyes cannot see the Immaterial Painting,
does not mean that
the Immaterial Painting does not exist.

You can see a real painting
only when you have your materials eyes open,
the same way when the eyes of the Soul will open
the will be able to see the Incredible Immaterial Painting.

* * *

The Ears

Our ears are also Divine Gifts,
not one Gift, they are Gifts
even if one of them becomes useless,
hearing can happen only with the other one.

In the womb of our mother,
the Creative Power called Life
has created the ears for us,
so we can hear about this Power.

The ears that our Mother Life has given us
allow us to listen to Life's Divine Music,
which is manifesting every Blessed Day
with the trees, the birds, the sea and the air.

Life has not given the Ears to me,
in order to listen to the theories of the foolish and the hypocrite,
neither to listen to the orders
of the selfish, the murderers and the thieves.

* * *

The Nose

Another Supreme Gift,
which the Unseen and Magical Life
has created in the womb of our mother
is our nose, through which manifests the Divine Breath.

Our nose is created
to be able to breath the Divine Life
and, at the same time, to smell the aromas
of the Wonderful, Magical Nature.

The sense of smell that the nose has
does not like the bad smell
and is fascinated by the Attraction
of the Sweetest Smell.

In our nose
is manifesting our Creator – Life,
which dances affectionately and silently
in the Mysterious Breath.

* * *

The Mouth

What an Incredible Gift is this!
In the womb of our mother
our Divine Life has created the mouth
out of the Blessed Dust.

The mouth is the shelter of the tongue,
always takes care of it,
because impious thoughts make the tongue speak
and trap the People, lead them to destruction.

The Creator has made
Numerous Goods for our mouth,
yet, we have not tasted them
cause they are feeding us with dead animals.

The blessed mouth with its lips
accompanies the tongue
to sing “I love You” and “Thank You”
to the Creation and the Supreme Creator.

* * *

The Tongue

Another Magical Gift,
that was created in our mother's womb
by the Miracle Maker Life
is the tongue, it makes us capable to speak and also to taste.

The tongue is also
an Incredibly strong Weapon,
when it speaks from the Heart it can Save
and when it speaks from the mind it can destroy.

The tongue is given to us by the Creator
to be able to praise Him,
and then communicate with each other
with all the Heartfelt Respect.

The tongue is
like a Magical Instrument,
when it is not tuned is disgusting,
when it is tuned is attractive.

The tongue can make known
the cancerigenic selfishness of the mind
and also can make known
the Healing Love of God.

When a Human Being
recognizes the Real Master on this Earth,
the tongue is singing praises with Gratitude,
inside and outside, every moment.

The Hands

Our Hands are also Divine Gifts,
created in our mother's womb
by our Very First Mother Life,
they make easier for us our journey on Earth.

Life has created the fingers as well
so we can cultivate Earth,
and taste its magical food,
so we can make instruments and praise Life with music.

Life did not create my hands
to use them for killing or stealing,
but to be able to offer from its Gifts
and to be able to heal, by the its Grace.

Life created my hands
to be able to write simple words,
these words to fly anywhere like birds,
and reach every Human Heart.

* * *

The Legs

Our legs, what incredibly Divine Gifts they are,
the Supreme Wisdom has also created
the fingers to be able to have balance,
to be able to walk in Nature
and become mesmerized by its beauty.

Our legs are our car,
to be able to go around following our divine rhythm.
The businessmen have turned us into machines
and put us in the prisons of the cars.

God did not create our legs
in order to become like horses in the horseraces,
all the athletic sports are under
cunning gamblers.

God did not create my legs
in order to go around and gossip, or give false testimonies,
or commit adultery,
or harm other people.

* * *

Our Organs Inside

Our organs inside
are Divine Gifts as well,
created by the Unseen Life
in our mother's womb.

The way our organs are put inside
and how they are functioning
makes us be in incredible awe,
admiration and respect.

The human body
and the senses of our mind,
compared to the Infinite Creation,
are a small part of our Creator's art.

This Incredible Miracle, the Human Being,
instead of recognizing his Creator,
becomes scornful
and destroys Himself.

Mind Without the Knowledge of the Self

From the depths of the centuries some crazy beings
have set us deadly traps,
they made other Human beings kill their brothers
with weapons and bombs.

These inventions of the crazy
perpetuate the killings,
with horrible chemical weapons
and delicate electronic ones.

Their cunning plans
are starting through the education, the harmful learning
of the teaching of the differences, which can make us become
sick,
and cause incurable wounds.

The Universal and official traps
are the borders of the different countries,
and in each country
they have set up more traps.

* * *

The political parties
cause division in the education,
they pretend that they invite the kids to learn
in the schools.

And the young students grow up,
guided by those who brought the division,
and create societies full of enemies
and perpetuate the cunning goals.

So they also teach the differences,
that can bring only disasters,
and then the followers become blind because of fanaticism
and do not care about the reason of this separation.

This individual apathy for the separation
is the reason the makes the world go down,
towards the evil darkness
and horrible decadence.

That is why it is necessary to study
our Inner Real Self,
to resolve our duality
and further unite with every Fellow Human Being.

* * *

They have converted the People
to vile speculators of their fellow human beings,
this is considered to be natural,
we are truly in the darkest age.

Our Mother Life listened to our request
and sent her Representative for our Liberation.
The Liberation can happen for the conscious ones
those have realized that the vicious cycle has enslaved them.

The Divine Knowledge of the Self
will transform the People again,
so that each one of us can have respect and love
for all the Fellow Human Beings.

The Transformation I am talking about
can remove the dirt from this mind, which has many faces
can make us become like little kids again,
innocent with our actions coming from the Heart.

This is what the Knowledge of the Self is doing,
curing the cancer of the mind,
then a person will feel healthy
and hate everything that is disgusting.

* * *

The apathy of each one of us
has created an awful tragedy.
Finally during this Unbelievable Age
each one of us is invited to show an interest,
to gradually remove the unaccountability of their actions
and start one by one to write the Supreme History.

Why do you participate in a miserable,
and careless world, that has run off the track,
instead of experiencing yourself as a Human being,
who is elevated within?

Because if you do not study
the Knowledge of Yourself,
you will bring more desperation and melancholy
to the people around you.

On the other side, those who invest
in the Knowledge of the Self,
they are filled with Peace, Freedom and Joy
and spread real and hopeful words to the people around.

* * *

The chaos rules in the confused person,
and when many confused people come together
they make it rule even more in the different groups
and even more in the society.

This chaos is manifesting outside
with horrible destructive actions,
that are happening again and again
during different periods of time.

They experience an inner burden
and they do not know where to give it,
so they are searching everywhere to find a place
to get rid of it.

When a Human Being is putting Knowledge
on his pair of scales as a counterbalance
then it will not be possible to be defeated
from his mind and from other people's minds.

This way you can prevent yourself
from experiencing the inner chaos
because of confusion,
with Knowledge you will gradually realize
that you are Human and God.

* * *

Finally, we are all pretending
that we are working for our Fellow Human Beings,
but our true objective is to get what we want from others
and to satisfy our cunning mind.

Who wants to work with themselves
and return to the heart?
If you want to become unselfish
you need to become a student
of Life itself.

This world
teaches us selfishness,
it has become a universal disease of the mind
and brings more and more schizophrenia.

If you want to become totally Healthy
you need to become unselfish,
and study the Knowledge of the Self,
that can help you reject the carcinoma of the mind.

The Honest and Immaculate, Supreme Life
does not participate in the works of our minds,
those works have always as a result
the fall of our Fellow Human Beings.

* * *

Let us sit down to reflect
and try to become more serious,
are we behaving in our Life like in the stock – exchange,
where we buy the shares of the others
in order to proceed with dishonest selling?

Each one is using the other
to do their business,
and each one blames the other
that they have been dishonest.

What is the difference between this stupid game
and the little kids who are always jealous,
and asking or stealing the toys of other kids,
cause they believe that this will bring them joy?

Do you think that because we have grown up
we have also become wise?
If we do not study the Knowledge of the Self
we will be reduced to having a jealous mind.

Only by studying the Knowledge of the Self
we can cause to disappear jealousy,
stealing and the mind's selfishness,
feel Free and Happy
and at the same time become Wise and full of Dignity!

* * *

Who has created and preserved
this universal hell and nuts house?
Those who are fighting
to create the biggest goldmine for themselves.

They are those who lead astray and enslave
the people who are in need,
those who create
confusion, poverty and individual alienation.

They throw every generation
in the craziness and the awful stink,
and People cannot become clear
and realize how miserable these destroyers are.

The worst crime is
to transform a little baby, a new born Human – God
and shape its mind, make it learn how to live
as a snatcher and a robot in the darkness.

Give the space to the Knowledge of the Self
to provide Love and Clarity to the mind,
abdicate from your dark works
and shine with Inner Joy!

* * *

Do not hesitate to refuse
the cancerous selfishness of the mind,
because it creates unbelievable metastasis
which bring the fall of the people.

The selfishness, impersonal or many faced
has incredible impact,
it defeats the People
and prevents them from finding the cause.

When you learn how to be in touch
with the Supreme Life within you,
then Life will teach you
how to attain liberation.

Only Life
is Freedom by itself,
if you do not go along with Life's rules,
the misery and slavery will accompany you.

* * *

As long as the people function
only through their mind,
they will exchange amongst them
jealousy, pride and disgust.

To stop this
apocrustic trading,
let us invest in the Knowledge of the Self
and reject the ugliness of our mind.

Let us discover the Supreme Wealth
we all have in our Hearts,
and feel again like when we were little kids,
when we used to embrace one another with Love and Joy.

When we will discover God inside of us,
our mind will be enlighten,
then we will not look at our differences,
we will have realized our similarities.

* * *

Those who are trying to educate
only their mind,
are always trying to enslave and take advantage of
every Fellow Human Being.

Education is not only to learn how to read and write
but any art that one can know,
that can help to become renowned
and to take advantage of his audience.

Let us realize what is happening around us,
this world is shaped by those who are too “educated”,
who are always confused
and enslaved by selfishness.

So, those of you who do not want
to be in the derailed track,
know your Divine Self
in order to harmonize your Soul, Body and your Mind.

This is the Supreme Education,
the Knowledge of your Self,
with this you can stop those who want to lead you
to the unhealthy course of your mind.

* * *

People need to know how to let go
of the cancerigenic qualities of the mind,
these are the obstacles
that do not allow them to elevate.

Without the guidance of the Divine Self
the actions and the thoughts of the mind
will lead them to the fall,
and will unavoidably bring
a painful destiny.

The most powerful cancerigenic qualities of the mind
are selfishness, jealousy, defamation,
pride, deceit, crime, greed
and the heavy chains of desires,
gambling, alcoholism, white slave-traffic and drugs.

All the above qualities can disappear
for those who want to transform themselves,
but is needed sincere investment
in the Learning of the Knowledge of the Self.

It needs to be realized,
as much as possible,
that the Human Being is suffering
from the contaminated qualities and desires of the mind
and can attain liberation when they recognize
the Healthy Qualities of the Supreme Self.

* * *

As long as you have an inside conflict
with yourself,
a battle will always manifest
with any other fellow human being.

As long as you are not sincere
inside of you with Your Self,
it is not possible to be a Real friend
with any other fellow human being.

Any kind of friendship
is covered with hypocrisy,
is a compromise,
until you achieve your goal,
like the wolf and the lamb.

But now, finally,
the Master offers us the Knowledge,
and makes us capable to stop our confusion
and unite with our Divine Self.

When you attain the Union
with the Supreme Self inside of you,
then there will be no lies and confusion
with other Fellow Human Beings.

* * *

My dears, if you are chasing
only the outside riches,
you will become brutal and wretch
and you will try to take advantage of other Fellow Human Beings
with any way possible.

There are numerous ways to handle people
and enslave the Human Souls,
from the fun fairs and the theaters that are made for fun,
to the wars and the drugs that are considered as necessary.

The competition of the rich and selfish people
changes the principals of the discoverers,
who bring destruction to the people and the animals
and to this Blessed and Wonderful Planet Earth.

The learning of the Knowledge of the Self,
can help us to change the way we think
and realize the Supreme Gift of Life,
which no one has the right to take away from others.

* * *

My dear kids from around the world,
please avoid smoking, alcohol and drugs,
they make us sick
and destroy our minds.

Do not follow those friends
who are giving you ill directions,
they are trying
to make you their victims as well.

Be careful if you go to the army
they are distributing sly drugs there as well,
which will take away the power that you have
and will enslave you.

For this reason be busy
to learn the Knowledge of the Self,
so that Clarity and Wisdom
become the Companions of your journey.

* * *

The Humanity is trapped
in a very old vicious cycle,
most of the people are getting crazy
trying to find out what is wrong with them.

They do not even know
that because of the absence of the Knowledge of the Self,
the human mind
has become schizophrenic.

This schizophrenia has brought guile,
guile has brought greed,
greed has brought ungratefulness,
and all these have weaved the costume
of a bad shaped hypocrisy.

For those who are willing
to get out of this vicious cycle,
Self Knowledge is offered
like a new and nice costume.

* * *

The one who has found his Master,
who revealed to him True Happiness,
has stopped to visit the circus,
he does not need these things any more.

The human minds
are trying to find satisfaction
though whatever they invent,
but the joy they find is not real.

Only Life can teach you
how to feel Free and Happy,
you can learn this when you focus on Life and its Elements
that surround you.

Supreme Peace,
Happiness and Freedom
are the elements of the Unique Wisdom
that is coming from Life.

* * *

Let us first realize how to put in order the elements
in our Human Kingdom,
We are in a miserable disorder
but we hope to bring this desirable balance, finally.

Those who are in “key” positions
and ignore the Laws of Life,
are in disorder
and cause a global unsteadiness.

The Human Kingdom
is in total imbalance,
and consequently we have extended in all the kingdoms
the reckless disorder.

An unconscious mind
can expand the unconsciousness to the people around,
since they do not know the Law of Life,
to start with love and respect for Themselves.

* * *

You need to avoid
the contagious wounds
and always be careful
to be far from them.

Gambling is one of them, any kind of gambling
which has been promoted in schools amongst the little kids,
it looks like an innocent game,
one kid is looking to win the lids of the other.

Every time
gambling in schools is changing,
so that the parents cannot realize what is going on,
they are trapped.

Gambling, white slavery, prostitution, sodomy,
smoking, alcohol, drugs,
jealousy, hatred, lies,
cheating, crime and ruffianism.

To avoid the traps
of the passion and the elements of the unconscious mind,
People need to invest
in the Knowledge of the Self that will bring the Freedom.

* * *

The Knowledge of our Self
can teach us Love and Respect,
the mind teaches us hatred and revenge
and leads us to killings.

Why do you think that Humanity is suffering
although we have everything?
We have not found the Love and Respect within us,
we do not have them.

When the People find within them
the incredible weapons of Love and Respect,
then they will be free from the vicious cycle
of the universal mind.

Make Wisdom yours,
and the Love of God which is inside of you,
then you will be invincible
from the influence of the mind.

* * *

The journey of life
is developing within each one of us,
and because we do not know how to drive it,
everything outside is causing us trouble.

If you put in order the scattered things
and the chaos inside of you,
then the hell of this world will not bother you,
your consciousness will be stronger.

Our Divine Consciousness has weapons,
which are beyond the fantasy of the mind,
some of these are Clarity and Discipline
then the journey becomes Magical every day.

Unselfishness and Patience
are also weapons,
that can help you in difficult moments
not to compromise.

* * *

Life is the Supreme Miracle,
and whatever is coming out of it
are Miracles as well,
it is your great honor to realize them.

The first Miracle
is our body itself,
we can start to observe it
and gradually to appreciate it.

We start from the Divine Gift of the mind,
that is making our plans inside of us,
gives us the potential to imagine,
to reflect and to realize.

Imagination, conception and thinking
are limited possibilities that the mind has,
you cannot study the Knowledge of the Self only with these.
Mind is made out of material molecules,
so it is capable to refer only to the material world.

* * *

Do not think that with the rules of the mind
you will be able to ignore the Laws of God,
many have tried this
and gradually they have become insane.

Do not think that craziness
is in the small nuthouses,
the real craziness
is outside, in the society.

People become whatever they say they are,
some become leaders, some criminals,
they kill other people
for the borders, for religions and for plunder.

You have heard the old motto
“Knowledge goes with the Wise”.
Our wise ancestors knew
that only Knowledge can save the Human Being.
And they did not speak about any kind of knowledge,
but about the Knowledge!

About Society

Throughout the ages some crazy people
produced these weapons to make money and cause destruction,
they spread them to the armies of every country,
as if they were something natural.

Then in the army they teach us
how to look through the muzzle sight
and at the same time how to shoot with our hands
on our Fellow Human Beings, with excellent success.

Those crazy who made the weapons
they also made paranoiac laws,
they divided the Earth and created armies,
to perpetuate the wars, like it is something natural.

Only with the Knowledge of our Selves,
Love and Respect,
we will let the darkness go away
and establish the Light.

* * *

We take advantage of the dander people have,
and turn it into political songs,
which are supposed to be against the authorities,
they just fill the pockets of the singers with money,
but people are in deep sleep.

We like to deal with issues and events that happen
amongst other people,
if George and Mary had a divorce,
this is what the magazines and newspapers are doing,
in a flat way, without making real sense.

Oh singers, come together
if you want to envision the Common Good,
replace the songs of the mind,
with songs about the Knowledge of the Self.

The code for your Union
is Love and Respect for the Knowledge of the Self,
those of you who do not like to deal with this,
it seems like you want to pretend.

* * *

The most essential help
to every Fellow Human Being,
is to stop to throw to the others
the rubbish coming from our multi faced mind.

In order not to have any rubbish
in the house of our mind,
we need to wash ourselves every day
with the Knowledge of the Self.

Cause if we do not have
any rubbish inside of us,
we will have the Gifts of God,
Love and Hope!

With the Knowledge of the Self
we will respect everybody,
instead of fighting with other people's minds,
we will respect each other.

* * *

Those of you who believe that the Power of Truth,
can change this world,
first you need to know this Power,
then you will be able to learn from It.

No matter how much you believe in Truth
if you do not know it,
you will never be fulfilled,
cause you did not honor it.

Faith without knowing
is a process,
like the journey of a blind person,
who never saw the Magical Beauty of the Nature.

I would only like to emphasize and encourage you,
now that we have this chance,
change your faith into knowing
so you can live Free, with Peace and Bliss.

* * *

There are countless people who present themselves
as the servants of the Truth,
yet, in their very deep core
they know that this is not true.

You will always be in duality,
until you know the Truth,
your tongue will say different things
than the actions of your body and your mouth.

If you want to give an end to your duality,
no matter what kind of job you have,
you can be a servant of the Truth,
with your mind, soul and body.

Yet, if you want to become a Servant of the Truth,
you need to meet with it,
speak with it,
you need the Truth to show you
when you are clear enough to serve.

Yet, the only way to meet with the Truth
is to look for its Real Representative.
Life is Unselfishness by itself,
so selfishness is washed away
from those who are allowed to represent Life.

* * *

My dear kids, you go to the kinder garden,
then to the elementary school,
and then to the high school, where the friends are waiting for you
to give you alcohol and drugs.

Parents and teachers,
you have a very big Responsibility
to advise and warn the kids every day
about those who have no hesitation to set the traps.

For those who believe
that money is their god,
they exchange like money
every other Fellow Human Being.

You see the vicious cycle
is incredibly established,
those who have the control, in order to cover the unemployment
they build different kinds of nuthouses and prisons.

* * *

Let the Vision
of our Mother Life,
of Love and Peace
rule on the face of this Earth.

Let the thoughts
which bring misery to the Humanity, go away,
so all the Human Beings can live
with Incredible Love, Peace and Freedom.

Let us destroy the weapons,
they bring death and physical disability,
and let the rulers of the countries become more sensible
and not obey and become criminals.

Listen to the Supreme Message
of the Real Master of this Time,
he is the Representative of the Divine Life
and shows to the People how to become
Peaceful and Blissful.

* * *

Barons with all the riches you need to become sensible,
to sit down and reflect
on the poverty and the misery of the People,
which is made because of your greed.

Generosity is coming
from true Happiness,
indifference and avarice
bring misery.

All the People, without exceptions,
experience the inner misery,
till they discover inside of them
the Supreme Bliss.

Those of you who are rich and strong
you need to show an interest for the weak and poor
to have less cheating and crimes,
to bridge the gap and bring the balance.

* * *

Let our language and our music
praise our Supreme Mission,
about the Knowledge of the Self,
with compassion for our Fellow Human Beings.

With the Supreme Self-knowledge
you can discover your Divine Nature inside of you,
and when you will realize it,
and found your work on this Nature.

After one evil, a thousand more are coming,
disasters are coming all the time,
we are building on our mistakes
and reject the Light.

We are all complaining about the course of the Humanity,
that yes, nothing is going well,
everyone is denying their responsibility
like the better will come automatically by pushing a button.

If the world does not care to change,
you can change yourself,
do not take part in the dirt of this world,
wash your mind with Knowledge every day.

* * *

All the organizations of this world,
that are trumpeting that they are serving the Truth,
are actually steeling the precious time from you
and selling idle stories.

Truth does not belong to anyone,
so none can give it to you.
Truth is within inside each one of us
available for those who wish to experience it.

Our mind cannot discover
the Truth inside of us,
that is why the Living Master is always coming
to reveal it to us.

Truth is sending a Unique Representatives
for the Genuine Seekers
in order to introduce to them
their Divine Self.

Those of you who are seeking the Truth,
do not waste your time
in the philosophical idle stories,
“the Truth within” is waiting for us.

* * *

Those of you who have the power to shape the world situation
why do you behave so bad?

You keep on promoting the wars, alcohol and drugs
and do not care at all for the next generation.

Governments, you are supposed to be the ones
who protect the people,
why do you allow so many crimes to happen?
When are you going to put a stop
to every disastrous work?

Let us talk again and
become more human by using our consciousness
and let us reject
our devilish nature.

You need to see Yourselves
as a part of the whole
you need to change your mind,
and not live at other People's expense.

* * *

If those hands that are working to create weapons and drugs
work to farm the Earth,
we will make all this madness disappear,
people will not die from hunger any more.

Those of you who are working to create weapons and drugs
you do not like someone to steal your Life from you,
yet you are working for the destruction every day
just for the day's wage.

You need to examine more deeply
the perpetuation of the madness and how much you endure it
may be you are also guilty, right?
But for sure you do not want to kill your child.

If you do not help them,
only the governors will have to deal
with the weapons and the drugs
and may be they also awaken
and realize that Life is so Magical
that even the dead people would like
to have it again.

The sick people who are in the nuthouses
do not bother the ones that are outside,
yet there are so many outside
who destroy all the people.

* * *

To the Politicians

It is very important that you,
the politicians and the drivers, realize
how necessary is the learning of the Knowledge of the Self,
to clean up the dirt of the mind.

If you do not study the Effect
of the Knowledge of the Self,
you will be eaten, like cancer, by the selfishness
of the cunning and multi faced mind.

Know the Truth within
and you will become Unselfish,
you will participate in the building
of a new world, in this Age.

Selfishness will slowly disappear
from any Volunteer Cooperation,
this is the only way to build
a Dignified new society.

The past has its own way to disappear,
with the "Know Thyself" we can learn to be conscious now,
and then we will be able to have
a Magnificent and Bright Future.

* * *

Drivers politicians,
you need to promote Self Knowledge
in education,
and gradually all the mafia will disappear.

It is possible that little by little
the prisons, nuthouses and hospitals
will transform in healthy places, where we will study
the Knowledge of the Self
and eliminate the sick works of the mind.

We need to hand over Paradise
to the Blessed next Generation,
instead of delivering the hell to them,
which has only ineffaceably crazy works.

Every Pure Baby is coming to the world to teach us
about our stupid and dreadful mistakes,
this is how we also were in the beginning
and now we are transformed into beings who are
bringing the darkness.

Instead of learning through our babies
how to become more Pure,
we are teaching them how to tell lies
and become charlatans, criminals and paranoid.

* * *

My dear leaders of religion,
leaders of politics,
guides of the world,
great thinkers and scientists of every kind.

Don't you see that we are full of
cancerigenic and contagious wounds,
like selfishness and hypocrisy,
don't you see that corruption and misery is established?

Do you think that there is another remedy
to delete the corruption and the misery,
besides the one Healer
which is the Supreme Self Knowledge?

If a Human being does not study
the Knowledge of the Self,
I am sorry, but they will be eaten
by the selfishness of their mind, like gangrene does.

Only the Divine Life is Unselfish
and will teach you how to be redeem yourself
from the subhuman selfishness of the mind,
which is the king of the cunning and the evil.

* * *

If you leaders and you people desire the elevation,
invest in the Divine Knowledge of your Self,
only Knowledge can teach us how to save ourselves,
it has the Potential to transform us.

We are all coming to this world like pure babies,
like Human-Gods
and they transform us to human-devils
they convert us from friends to enemies,
they divide us to educated and uneducated,
to policemen and thieves.

My feeling is that the Unbelievable Time has come
to feel again like Human-Gods, if we wish so,
to return to our Divine Nature,
to get rid of our human devilish second nature.

There is no doubt
that our Fundamental Nature is Divine,
the Nature brings us to Life as the Purest Babies
and gradually we change because
of some stupid people's minds.

Those who are working for this change
and who are supposed to be scientists,
in order to perpetuate this horrible situation,
they have as an excuse for their criminal minds
their crazy theory,
that the People are born to be evil
and I tell them NO, NO, you stupid, we are born Human-Gods.

* * *

When we come to Earth like Pure Babies,
we do not hold in our little hands weapons that can kill,
you are the ones who give these weapons to us,
first in the form of plastic toys
and then you tell us to go and be killed, for the sake of the country.

Craziness and criminality
must disappear from the face of this Earth,
that is why in this Incredible Age,
every human being has the Chance and the Choice
to be responsible
and decide where to go.

This disgusting and miserable tragedy
needs to stop at some point
and this can happen NOW,
Knowledge can transform us from miserable people
into Human Gods.

People are not born to be
Greeks, English, French and Portuguese.
The environment is shaping each kid,
the kids will use
the language that they will learn.

Those of you who are abstemious and awaken
stay there and be like a Lit Brand
to inspire the new generation,
to listen to their Heart.

Then they will inspire other people's minds,
and gradually they will also realize
that it is incredibly most noble
to listen to our Heart.

Those who are leading and guiding the Humanity
will create new “savers of the nation”,
in order to perpetuate the need for leading personalities
and the forlorn hope of the next generations for better days.

This is the bait that was given
by the leaders in the past
and then later you realize
that they are charlatans, hypocrites and liars.

My dear good friends, if you want to be a leader in a country
you need to study the Knowledge of the Self,
first you need to learn to lead your body and your mind,
and put aside all the garbage of this world.

Those who are supposed to be the leaders of the nation
they need to study the Knowledge of the Self
to inspire the people to move forward,
to change the miasma of the past history
and start again the Radiant History, with the help of Knowledge.

* * *

Unselfish People need
to be involved with politics,
to inspire those who are trapped
to transform.

When we soak with Love, Respect and Understanding
coming from the Knowledge of the Self,
only then we will be able to work
for the elevation of our Nation.

As long as the People are
divided because of politics,
unfortunately they will never be able
to live together with Love.

In order to cease to exist
any kind of miserable separation,
People need to study
the Wonderful Knowledge of the Self.

Only with the salutary Knowledge of the Self
we can bring forth Bright History
and feel that we have accomplished the mission we have,
as living creatures of the Supreme Life!

* * *

The political leaders who are governing us
need to Practice Self Knowledge.
Only then we will be able to hope for
an Excellent Society.

Every political leadership
is trapped from the previous leadership,
this way they are all trapped
by those who are setting the traps and cannot be seen.

When this is realized,
only a sincere politician
will be able to make a new start
and then all the politicians will be released from the trap.

You need to invest in the Knowledge of the Self,
it has the Power to free you
from all the traps of the mind
and from your darkest fall.

Invest in the Supreme Knowledge of the Self
and you will be able to experience your Transformation,
it will release you from the octopus of the mind,
you will be able to feel Peace, Freedom and every day Bliss.

* * *

Economical, national and religious wars
need to stop finally,
this presumes appreciation for this Supreme Life,
this is the way for our children to prosper.

He who truly wishes the benefit of his Fellow Human Beings,
this is the time to work for it,
he who does not
is helping the other side.

Leaders of the parties
you need to invest in Knowledge,
it is the only Code
that can bring the Union.

With your actions you will inspire the people
and they will also be able to unite,
gradually the dualities will disappear
and you and all the people will elevate.

* * *

Leaders of the people
you need to invest in Knowledge,
because only Love and Respect coming from Knowledge
will be able to bring union.

With your attitude you will inspire the people
to find within them Love and Respect,
wars and drugs will disappear
no more killings of innocent people and little kids.

Leaders of religions
you need to invest in Knowledge,
then you will discover within you God himself
who with His Love He will be able to bring union.

So consequently with your attitude you will remove
the ill fanaticism, which you have inspired to your followers,
gradually religious wars will stop,
no more killings for a different god.

So now we are all having our mirrors,
let's see that we cannot hide,
each one of us has the choice
to decide which side we want to be.

The coming of the True Master,
has made us clear that the river has two sides,
not too many and not one,
I wish you to chose with Wisdom one of the two.
The world of Knowledge is the one side
and the world of ignorance is the other side.

The responsibility of the captain of the ship
cannot be compared to the responsibility of the waiter,
whose role is only
to distribute the food.

The captain's responsibility
is the safety of People's Lives
his attention must always be focused to leading the ship
with increased consciousness.

The same case is with you, the leaders of the parties,
the leaders of the countries and the religions,
your responsibility cannot be compared to
the responsibility of a simple citizen.

The citizen is trying to undertake
just his own destiny,
but you are pretending that you have undertaken
the destiny of a whole country.

Now this is the big question,
are you experiencing Inner Peace and Freedom,
Love, Bliss and Wisdom?
How are you going to drive a whole country towards
Peace and Prosperity?

You can be most sincere
and give the answer to yourself,
you may probably see more clearly
your hidden and selfish objective.

* * *

Realize how treacherous and miserable
is to promise prosperity to the people,
and yet to perpetuate
poverty and misery.

Let go
of the dishonest money and show,
these are factors that are stealing
other People's honor.

Life and Honor for me are the same
and of course Invaluable,
yet the leaders
have transformed this Life to victims of the greedy.

Now finally the Bright Season has come,
we can reevaluate our Mother Life,
and everyone has the chance
to write his personal Healthy and Fresh History.

* * *

Religions

This is for our beloved brothers
who have all kinds of religions,
we need to bridge the gap
brought by the old silly divisions.

Today for us is a different time
most of the people have awakened.
Why should we perpetuate the division between us
and why should we kill each other?

Since God is Supreme Love
and is One and Unique,
why should the etiquettes
of the different religions kill us?

God is not the monopoly
for any religion,
the Bright Age has come,
you have to remove your masks,
you cannot serve God by parroting books.

* * *

My dear brothers monks,
if we all went to the country
to pray,
Christ would never have come on Planet Earth.

He never gave an order to those who believe in him
to stay in the cells,
on the contrary he stated
that God is in the heart.

We are having
God inside of us,
why then does our cunning mind
lead us astray?

If you are leading a hermit's life for discipline,
know that the Knowledge of the Self can show the way for it,
do not be allow the temptations to defeat you,
but better give inspiration to the lost ones.

* * *

My dear nuns,
God does not reside in the monasteries,
his Residence does not have locks,
he resides within the Human Hearts.

I do not intend to stir
the calm waters,
but I am studying the Truth
and I wish to promote it in writing as well.

Invest in the Knowledge of the Self,
if you want to have full Knowledge of the Creator,
since you cannot put Him in the moulds
of any religion, church or books.

When you are putting the Creator in a mould,
you think that this is something good,
but it brings religious wars
and perpetuates the division.

* * *

To the Mass Media

The most insidious and disastrous weapons
are the mass media.

Because they are working constantly and efficiently
to shape every generation the way they want.

This is the reason why the balance is unstable,
leaning towards the degeneration and criminality,
which have become the food
of the Humanity every day.

Owners of the channels, newspapers and magazines,
you have a tremendous responsibility,
you are the ones who are bringing indolence
terror and shame.

You need to change the materials you use,
starting from your mind first,
who gave you the right
to cultivate the mentality of the Middle Ages?

Try to upgrade your quantity,
you would not like your kids to live in such a world,
sooner or later everything will return like a boomerang
to those who are generating this situation.

* * *

Do not worry, my dear friends,
there are plenty of possibilities to bring freshness in our Time.
What is needed from you is to look for them
and then you will generously have them.

I am wondering why are you pushing forward
a quality that is continuously becoming worse,
each channel competes the others
for bigger auditory.

This can be accomplished
by using a different, wise and healthy way.
Looking for a better and better quality,
you will be able to increase the auditory.

All the people will applause you then,
because they will realize that your channels,
cooperatively
offer only Healthy programs.

We can transform the chaos
to an incredible Harmony,
provided that we will be able to deal with
the Wonderful Self Knowledge, sincerely and seriously.

* * *

The Media of the public information
are not supposed to belong
to cunning embezzlers,
because they shape other People's intellect
and become inhuman leaders.

To perpetuate the abuse,
the leaders create programs for enervation,
People become sleepy then
and stay away from their Divine Self.

They throw to the people,
bombs of ugliness and terror.
Once in a while they project nice documentations,
so that you do not awaken and change your course,
they make you believe that you are like a balladeer.

They grab your curiosity using a very methodical way,
they make you believe that you have so many needs,
and they steel Life from you
through newspapers, magazines and the colorful box.

All the public shows and information
need to be inspired by the Human Elevation.
Let us hope that they will gradually transform themselves,
but first we need to transform ourselves!

Those of you who wish to be Transformed,
you can do it with the help of the Knowledge of the Self,
do not become an instrument
for the relaxation of others.

* * *

You present yourselves
as the servants of the People
and unfortunately you are serving those
who are against the People.

Why do you have so much hypocrisy,
you are selling other People and your dignity,
just because you want to assure
that your boss will give you the job.

There is no worse crime than that,
everyday you are bombarding with rubbish people's brains
and they do not have time at all
to discover their True Self.

You present your rubbish
like it is something important,
but when they will discover the Truth within them,
they will close their ears hermetically.

And those of you
who are trying to assure your job
by telling lies to your Fellow Human Beings,
I am sorry, but you are putting yourself in a loop.

* * *

My feeling is that the time has come
to repent,
to find the Truth within us
and to let go of the hypocrisy.

We need to be involved
with so many essential things,
education and drugs,
poverty and ecology.

You can see the hypocritical game of this world
as an experimental phase
which does not lead us to our uplift
we are all participating in our nailing down.

We have been offered an Incredible Chance
to deal with the Knowledge of our Self,
let us achieve Enlightenment,
and remove the darkness from our mind.

* * *

Journalism should not
be just for money,
but an encouragement for awakening
and a Healthy Journey.

Unfortunately, the journalists
have bosses now,
they are telling them what to write and what to say,
no matter if these are rubbish.

Some of them are owners of the media
and they do not have any bosses,
yet, they also feed other people with rubbish
like the others do.

Learn from the Knowledge of your Self,
to speak and write the Truth to the public,
and make sure to clean your vessel
from the rubbish and the idle stories.

* * *

To the Parents

Kids are like paste,
they will take the shape you will give them.
That is why my Dear parents you have a very big responsibility
for your kids' pain or craziness.

Now that both of the parents are going to work,
automatically the kids are like living in an orphan's home,
the communication has stopped,
many sly persons have easily gained access to the education.

Have a look at the dimensions that the crimes have taken,
how many sly persons are in the education now.
They have transformed the areas of learning
into arenas and slaughter houses.

The leaders of the division
have created people who believe in the "right" or "left" ideology,
they have applied their plans
and made the students their wicked pillage.

* * *

They broadened the crime, made it universal,
they made them fascists or communists,
imperialists, socialists and capitalists,
they managed to have the people divided during all the times.

In order to make sure that the people will not awaken,
and realize that something is wrong with the “right”
and “left” ideology,
the sly persons created also the “center” ideology
and more parties, to worship like gods.

And the story perpetuates
it is so well organized,
that they managed to commit an incredible crime,
to bring division and confusion to the people all the time.

Division in the individuals,
division in the family,
division in society,
what else are you waiting for
from this miserable and tormenting history!

* * *

My heart recommends
to the parents to start to invest
in the Knowledge of the Self,
in order to be able to communicate with the soul of each kid.

When you communicate with the Divine Self
and with the kids,
then those who are like the wolves and the foxes
will be isolated.

Then we will truly
make the difference,
starting to write the Highest History
for a nicer society.

Look how simple and real is this fact.
When is the Human Being happy?
When he has no division,
because he is United with the Self.

When is there a divorce? When they are divided,
one goes here and the other goes there.
When can they unite again?
When they will overcome their division
and come back home to live together.

When can people in a society live with Love,
Understanding, Respect and Dignity amongst them?
When they return to the house of their Soul.
The place where the Soul dwells has no divisions,
everything has a Miraculous Harmony
and those who do not know about it they are in disharmony.

To the Educators

A lot of attention is needed for the schools,
that have been transformed to houses of corruption,
with gangs, cigars and drugs,
leading astray all the pure kids.

The corrupted indifference
of the ministers and educators,
prevents from teaching the Self Knowledge,
and the result is total destruction of the society.

They promote rubbish
with the ill objective to be paid off,
they poison the kid's minds
most part of what is taught is suitable only
for throwing it in the fire.

Those who are irresponsible and unaccountable for their own
actions,
who live only to make money,
they have put a burden on the little kids,
a school bag which is heavier than them.

They make them believe
that stupid learning and weights are something natural,
they want to make them get used to these from their childhood,
and then easily accept the status in society.

* * *

They can achieve the human conversion
by carrying weights and by learning garbage
and when they grow up,
they will live with lack of understanding and absurdity.

Absurdity leads
to arbitrariness and hypocrisy,
these qualities obviously exist
in the society today.

There is no doubt
for the True Words of Life,
all the governments and most of the people
live with injustice.

When are we going to stop
the conversion of the kids,
reject the learning of the garbage
and prohibit the invasion of those who are misleading?

If you, the parents do not take the lead
how do you think that the drugs and illegalness are going to stop?
or are you expecting your little kids
to take the lead?

* * *

Education has
the most cancerigenic structure,
those who are cunning are selling through their books
their horrible poisonous food.

Slowly and gradually they are converting the kids,
who are limited by what they are learning,
they become irreverent and lazy
and then cigarettes, alcohol and drugs are at their disposal.

They learn to have a fake respect
trying to get a good position in the government,
and when they manage to get it
they cause discontent to the others and drive them crazy.

This disgusting situation makes us know
that education does not mean only to learn from books,
it means Self Knowledge as well,
this is the only way to have a Blameless Society.

Realize the reason
why this miserable tragedy perpetuates,
it is because in schools
they do not study Self Knowledge.

* * *

To the Artists

After making the outline of the objective that the artists have
we can make an observation of the most important thing,
it is so sad
what damage the artists cause for the people.

You steel the time from the people
and always attract their attention,
you become an obstacle for them
to know their Mother Life within,
since they are depended on you.

I am sorry for those who are trapping and for the trapped,
both of you feel like orphans
you have always paid your attention elsewhere
and neglected to search for our Mother Life.

Nothing is more devastating and sad
to have come on this Magnificent Planet Earth
and not meet with the Power that created us,
our Mother Life!

Those of you who will reflect on my words,
know your True Joy within
and gradually be detached
from all the catalysts.

* * *

I am asking Mother Life
to offer her words to me, I will write them on paper,
and offer them in my turn
to the unselfish singers,
who in their turn
will offer them to the audience.

The Divine Words that I am writing on paper
are directed to every Human Heart,
and if this Generation will not read them,
due to the limitations they have in their own minds,
another coming Generation will sing them,
these are not limited by time.

My Beloved Mother Life,
it is difficult to find ears ready to listen,
in order to talk about your Grace, your Wisdom,
Your Peace and Freedom.

I cannot describe how grateful I am,
that you have given me a Supreme Goal,
to be a student of your Divine Self,
you have also sent my Master who is True!

* * *

Let us talk with sincerity and responsibility
with those who assert through their artistic messages,
that they are thinking consciously and collectively
for a better Generation.

Every Human Being is using an art to make his living,
and to influence his fellow human beings.
Some take the political side,
some the religious,
some the side of the journalists,
some take the educational side.

Some try to have good scenarios,
some take the theatrical side,
some become the director of a film,
some are acting,
some are satiric,
some are composing in verse,
some play instruments,
some are singing.

These areas are the most responsible
for the fall of the people,
because you are the ones who are leading by the hand
every human mind.

* * *

You are influencing
most of the people,
that is why it is necessary to study
the Knowledge of the Supreme Self.

You have the responsibility
to be the bringers of the light,
but if you do not have dignity
you need to resign from the important role that you have.

Those of you who are compromising
with your unseen bosses,
because you do not want to lose your job,
you are not putting into practice
what you are singing or saying in your performances.

Invest in the Knowledge
and discover your Divine Self,
then offer the Hopeful Words of the Heart,
so that all the People elevate.

* * *

All the artists who present yourselves
as the bringers of Joy,
you are carrying a big responsibility on your shoulders
for the immobilization of your Fellow Human Beings.

You are supposed to offer them joy
and finally you exchange it
with the time that you are stealing
and with money.

You do not only take
their time and money,
you also manage to control them
by making them to get used to your songs.

You offer them from the stage
passion and smiles,
cause you want them to be your customers
and live in deceitful frigates.

What is the difference between
the followers of the parties and the athletic teams?
You are also creating dependence,
so you can have followers of the song?

Do these collective messages
aim at a personal objective,
to sit down, reflect and purify ourselves,
by knowing the True Self?

* * *

My dear singers,
versifiers and musicians,
I would like to sing a song to you
with the hope that I will touch your hearts.

Those of you who sincerely wish
for the people to rejoice and elevate
be involved with the Knowledge of the Self,
you will receive True Joy
and you will sing to them from your Heart.

The words of the Heart
do not come from the mind,
they will offer inspiration and hope
to all the people.

If you do not want to just have the title of the artist,
but you want to feel
that you are a real artist, with quality,
you need to be in contact
with our Mother Life within.

* * *

I have a feeling to sing for you
and announce to your hearts,
that this is our time
for us to know our Life.

We have not come on the Planet Earth
so we can do everything
and ignore
our Mother Life.

Blessed for a thousand times is this Time
in which we are involved with the Knowledge of Ourselves,
and get rid of the madness
of our dark mind.

We should not forget, that there are always coming
New Blessed Generations
and we need to remove from our minds
the contagious seats of disease, from the past.

* * *

We need to remind to our Fellow Human Beings
what they really need to look for,
in order to free themselves
and become happy.

They have converted them so much,
some are running here and some there,
they do not look for the Real any more,
they do not care to know their Divine Self.

They have created an artificial paradise,
which was supposed to bring joy,
but what happened was the contrary,
they became like robots, cut their wings,
and became incapable to fly away from their cages.

Fortunately the Master came
to offer his Living Knowledge,
all those who will invest in it
will be liberated.

* * *

My dear singers and lyrists
I wish the tongue of your mind
to transform like a trumpet
and utter beautiful words coming from your Heart.

Let the heartfelt songs
become elevating,
because the songs coming from the mind
are only for drinking alcohol and for depression.

The mind's songs
are accompanied with alcohol and smoking,
and the Heart's songs
are accompanied with the drink of the Heartfelt Joy.

When the People know
the Indescribable Richness of the Heart within,
then they will reject all the substitutes that they created,
and used as a catalyst for their Joy.

* * *

We do not need to change our profession,
just need to increase our quality,
and communicate with dignity
with the Supreme Foundation which is our Pure Heart.

Your songs and the music
are necessary to inspire the people,
to elevate
by turning Inside.

Only the Knowledge of our Self
will be able to transform everything,
all the ugly and disparaging ways
can be transformed to Beautiful and Magical.

We all know that everything
is dancing in the rhythm of selfishness,
let us change everything now
and make them dance in the rhythm of Unselfishness.

* * *

Let us use the music
to sing the Inviting Message of Humanity,
to touch all the people
with words of Love, Freedom and Peace.

The lyrists of that Time
will write only words of the Heart,
about stopping the wars on Earth
and replacing them with tears of Joy.

Let us abandon the evil thoughts,
and give space for the Kind thoughts to rule,
evil brings misery,
Kindness brings Happiness.

Now is the time to rule
the Peace and the Love
of the True, Living Master,
and this is possible because of the Knowledge of the Self.

* * *

To the Ecologists

Do you know the reason why we have gone astray
and we have destroyed our Divine House?

It is difficult to believe it, but all the evil things
are coming from the ignorance of our Self.

Like all the evil things are coming from
the ignorance of our Self,
all the good things are coming
from the Knowledge of the Self.

You can make an analogy with the Humanity in general
and the individuals, for whom
the fall is coming from the ignorance of the Self
the raising is coming from the Knowledge of the Self.

Let us deal with our
Internal House first,
then we will derive Wisdom
for our external house as well.

The destruction of the Planet Earth
can be repaired,
if we come back inside
to the Divine Source.

* * *

When the inner environment
is a mess,
then you will make a mess
your external environment as well.

The Knowledge of the Self
increases you the Respect and Appreciation
for Ecology,
and then your interest is not because of fear.

It is not possible to have Self Knowledge
without an appreciation to ecology,
and it is not possible to have ecology
without an aspiration for Self Knowledge.

If you are interested only about ecology
and not about the Knowledge of the Self,
then you reject the Creator
and look at the Creation only.

This one sided interest towards ecology
is coming from the fear,
not to lose the foods and drinks
and die from hunger.

It is like when there is a war and the people of a country
come together because of fear,
and as soon as the war is over
they start again to fight each other because of their greed and jealousy.

So it is different to respect
and appreciate one thing unconditionally
than to appreciate it
because of fear and selfishness.

Poverty

There is a foundation that the Master has created,
it works with unselfish people,
in order to remove death and hunger
for millions of Fellow Human Beings.

This is one first thought coming from the heart,
let us reduce the money spent for cigarettes and alcohol
and give it for water and food,
to bring down the number of the poor kids who die.

When we become sensitive on poverty
our kids will learn from that
and gradually with our beautiful Compassion,
we will be able to bridge the gap

So much money are spent for toys
and they end up in the garbage cans,
we make our kids greedy
and on the other side many die from starvation.

* * *

Governmental Justice

Humanity is suffering from horrible tortures,
crimes, robbery and drugs,
we have reached the bottom,
and trying to find the reason how was all this created.

Those who present themselves
to be the leaders of the people,
should study the Knowledge of the Self,
this is a basic criteria.

The Knowledge of our Self
has all the Wisdom.
It can transform the dirt and the anarchy
to clarity and discipline.

New and strict laws
are needed,
the wolves are devouring the lambs,
killing and raping little kids and old people.

Strict laws
are needed,
for those who are destroying
our Planet Earth.

* * *

It is not right every one who is unaccountable
to contaminate the Water, the Air and the Earth
and lead Humanity
to a merciless destruction.

The schools teach the People
to live only for themselves,
and very few care
for their Fellow Human Being.

Imagine our Planet as a miniature of a ship,
cooperation is needed for the ship not to sink,
cooperation not coming from fear,
because it is about to sink,
but coming from appreciation for this ship,
it helps us to earn our living.

The same way we, the Human Beings,
need to have Self Knowledge like this ship,
and communicate with each other with appreciation,
have respectful cooperation.

* * *

If you promote Self Knowledge
in the schools and the Universities,
the crime and robbery
will dramatically reduce.

If you have been trapped and did not make it
to benefit your generation,
saw a seed for the next generation
and you will accomplish your duty.

Those of you who are responsible for Justice,
you need to have inner learning.
Life is extremely Strong
it can change you, you can become uncorrupted.

With your Dignity and Advice
you will inspire the people
to find their True Self,
and have uncorrupted thoughts as well.

So, gradually and nicely
the rotten root will disappear,
each one of us can make a start
for the Humanity to elevate.

* * *

Those of you who are the guards of Justice,
you have a much bigger responsibility,
you have the duty in society
to judge the crime and robbery.

The crime and the robbery
have reached the top,
now is the time to make sure
we have uprooted the rotten root.

Corruption does not come by itself,
it is brought by others,
those who are serving the authorities
need to become more sensitive.

I would simply like to note
that your tolerance
makes you become guilty as well,
now is the time to speak up, with conscience.

Justice needs to be treated,
that is why anarchy is ruling.
You are trapping each another
and become compromised and indifferent.

* * *

Local Police

As I am driving the taxi
I see an inconceivable injustice,
the government is chasing out the hucksters
with the help of the local police.

If they were chasing illegality,
with the same passion
that they are chasing the people who want to work,
then the world would not have so much terrorism.

Chasing the people who are working
and not bother about the drugs,
this is insane action,
that is how People are converted.

Your bosses provide you with luxurious cars,
and offer you job,
but I am asking you,
don't you think that the fellow human beings
who you are chasing
also need to eat? that they also have little kids?

When you show up they are running away terrified,
not to seize their goods,
because their only concern
is to find food for their kids.

I am reflecting with indescribable sadness,
for how long are the Human Beings
going to keep their eyes closed
and instead of evolving they are rotting?

In my taxi I have seen
old men and women,
who have become cripple for ever
by the cunning cutpurses.

In the busses and the bus stops
cutpurses are moving around,
they are acting like they are in their own fields
and milking their own cows.

In the cities and the country
they have robbed all the houses
and everybody
is totally scared.

Finally it looks like
the wolves are defending the sheep,
and the guards of the government
are pretending that they do not see anything.

Do not forget that you also have
grandmother, grandfather and mother
and you would not like to see them cripple
and their faces full of tears and sorrow.

* * *

Paralympics

I will not focus on Paralympics,
what I really have to say is about Inner Freshness,
I have nothing to say about your agonistic events,
but I can remind you about your True Joy.

My dears, whatever we do on the outside,
if we do not find Inner Joy
we will suffer like the fish,
out of the water.

The Master offers a practical way
to get in touch with
the Almighty Life within,
that protects us from self-destruction.

Our mind urges us to compete
and we might find joy by this,
but it's an illusion
it shows us the wrong path.

* * *

There is no external effort
that can replace Inner Joy,
we need to give our Heart
the chance to be fulfilled.

Do you think that those who are able in body
are Happy as well,
because they can exercise?
The Soul cannot be satisfied by external things.

I would recommend you, to study first
the Inner Exercise,
for your Soul to discover
our Mother Life.

I do not advise that you should not exercise,
but you need to take care of the Soul first,
everybody takes care of their bodies,
but their heart inside is miserable.

* * *

Let the Knowledge of the Self,
become the guide of your mind,
it lightens the journey to Life
and the Soul feels the Magic of the Supreme Fulfillment.

Let us invest
in the Knowledge of the Self,
it is the Source of Peace and Freedom
of the Soul, the Body and the mind.

If we do not learn to be in touch
with Life within,
any missing part of the body
is irrelevant.

Our body will go away
either way,
let us learn to enjoy
the Inner Journey.

* * *

My dear Brothers
when athleticism is for money,
it is also antagonistic,
it has become the horsewhip for the People,
just observe the agony in their faces.

My dears, Life is for Delight
it is not for competition,
those who are fighting for this
have lost their goal.

Noble Athleticism
is not for profit,
it is incredibly enjoyable,
because there is no fanaticism.

* * *

Any kind of competition
increases selfishness,
everyone sees their Fellow Human Beings
as their enemy.

Athleticism,
and also all the other debit and credit that is happening in the
world
are like gambling,
each one is trying to beat the other.

So, dears
you need to choose
you can play and hate
or you can enjoy playing.

We have the choice
that we want to feel,
enjoyment and brotherliness
or pride and hate!

* * *

Negation of “non wisdom”

One idea sets aside the other
and the struggle perpetuates,
Humanity has become like in the carnival,
it is changing ideas all the time.

Those who are dedicated to the mind, seem to be like our guardian
but they cause the worst destruction to other People,
they divide them and make them enemies with each other,
in order to establish their crazy ideas.

Don't you understand, that when you pursue
the back fall of other people,
sooner or later
they will also try to overturn you?

Are you still like the little kids,
who are fighting each other for their little plays?
The same way the older ones are fighting,
but they are doing it for money,
they are buying other People for boats or cars.

* * *

Is it that we need a different overthrow
to start to turn within,
to negate our “non wisdom”
and discover our Divine Wisdom?

This is the Dignified and Real Overthrow,
to reject the unfriendly guidance,
and the attribute you have achieved unwillingly,
and made you a being who is a destructive trap for Humanity.

Without the Feelings of Love and Respect,
all the ideas of the mind
are bringing division, selfishness,
destruction and war.

So my good friends,
do not listen to those who are causing destruction,
study the Exquisite Knowledge of the Self.
Those who are dedicated to the mind
have buried the Feelings of Love and Respect.

* * *

Chasing the false joy

Look at the Humanity
as a miniature on a single Human Being,
if you want to realize and understand
everything that is happening around you.

Look at two different types of People,
the one who is chasing money,
trying to find joy,
and the other who has been found through his Master
the True Inner Joy.

The one who has not experienced joy within,
is trying a thousand ways to find it,
he is always chasing money,
to get something new with it that will bring him joy.

He is chasing this uncaught joy
amongst the materialistic things
and of course he cannot find it,
and then becomes miserable and slowly-slowly schizophrenic.

* * *

One is deceiving the other
thinking that with money and other substitutes
they will find Joy,
but this Joy is completely missing.

The slogan in every country
is to have better economy
and all the citizens are living all the time,
in misery.

They have identified Happiness
with economy,
and now they are asking only for money
they forgot about Happiness.

So everyone is trapped,
because
they are only interested
to grow financially.

* * *

To Those Who Have a Vision

My dear Brothers,
the first thing we need to focus on
is the understanding
that we need to come together.

In order to achieve this,
first we need to know
our Divine Self,
and remove our individual confusion.

When we attain the Union
with the Self,
then it will become much easier
to love every fellow Human Being.

Only the Knowledge of our Divine Self
will remove the cancer of our mind,
that has brought up our differences and then we became sick.
But now we will discover our similarities
and become Healthy again.

If those who have a Vision for the General Good,
stay scattered,
I am sorry, but it is like
you are all dead.

* * *

Dear people who like to have a vision for Beauty,
know the True Master of the Time,
through his work you will realize
the Supreme Vision of our Mother Life.

When we realize the Vision
of our Mother Life,
we will then be able to cooperate
with the True Master of the Time.

When those who have a vision come together,
all the bad things will slowly diminish,
and our blessed children will not experience any more
the wars and the drugs.

Those of you who have a vision for Beauty,
know that we have one unique mission
to bring back to the Planet Earth
Peace, Love and Prosperity.

The smelly situation continues to exist
because of the indifference of everybody,
Union is necessary
and Global Cooperation.

* * *

Like all the dark manipulators
are united,
the same way all the Bright Volunteers
also need to be in union.

Humanity needs to transform
and head towards its destination,
to discover its Divine Nature,
which is our Forgotten and Most Beloved Mother Life.

I am introducing to you the True Master,
in order to be able to make this Possible,
to study the Knowledge of the Self
and escape from the limits of the mind.
We have an evolutionary process in front of us
by discovering the indescribable Magic of Life!

* * *

It is a priority
to study the Knowledge of the Self,
because we are bombarded all the time
by the useless and evil thoughts of our mind.

If you learn
to find your shelter,
then other people's minds cannot harm you,
and your mind cannot harm you.

Make the Knowledge of the Self
the Guide for your Enlightenment,
in order to experience Peace, Freedom,
Wisdom and Incredible Bliss.

First you need to know
how to cooperate with your True Self,
and then you will be able
to cooperate with every Fellow Human Being in a healthy way.

Only the Healthy Cooperation
between those who are working for the General Good,
will manage to eliminate the cancer
brought by the dark age.

Only the unselfish cooperation
can elevate the society,
selfishness leads
to jealousy, fall and illegality.

* * *

My dear Fellow Human Beings
those of you who have not realized yet,
the responsibility that we all have
for the next blessed coming generations,
at least do not prevent from helping
other responsible Hearts.

Do not be shocked, my friends
by the awakening of others
who do not follow your ideas
and old plans.

Look, you may need to listen
to the new ideas of the awoken ones,
and cooperate for the building
of a Respected and Loved world.

We all have experienced
in every day life,
that we are under the influence,
of those who are in our company.

So, you need to be very careful,
the Human Being by himself
puts the rope around the neck.
The thoughts you create or you accept from others,
influence you
and shape your course in your life.

* * *

May be some silly and opportunist beings
are mad on show and power,
but they should not be able to mislead the whole society
and give a wrong direction.

Your unacceptable behavior,
makes you suffer even more than other people,
you are driven to insane actions
and bringing more darkness.

Following so much the shallow education
and chasing for more degrees,
does not offer you any education
about your inner Divine Essence.

People suffer,
because the cunning are pretending to be the leaders,
they have created a sad atmosphere,
so many thieves,
trying to survive against the others,
feeling of doubt for each other.

My dear good friends,
if you do not discover the Supreme Inner Peace,
and the True Eternal Love inside,
all your words will be totally empty,
no matter how much you have evolved the art of rhetoric.

* * *

The True Resurrection

People are dealing
only with the “body-box”,
which will putrefy anyways
at some point in the future.

They are not dealing at all
with the content of the “body-box”,
the discovery of the Soul,
the Immortal part of God.

Since you do feel the contact
with your Immortal Soul,
it is like this Soul is dead
in your body.

You will be able to experience
your personal resurrection,
only with the Discovery
of the existence of your Immortal Soul within.

No matter how many formal Easters
you are going to celebrate in the church,
if you do not experience your Inner Resurrection
you will suffer a lot during your journey.

This is the Message of the Godman Christ
through his Resurrection,
he said “God is within you”,
let us find his Universal Soul.

To the Masters

My Beloved Master,
I cannot describe my Gratitude,
because you have given me the possibility to recognize you
and you have helped me to leave illusion behind.

My Beloved Master,
give me the words to praise you,
you have helped me to recognize within
my Sweetest Divine Self!

My Beloved Master,
we are so fortunate that you have come during this Time,
Humanity has gone too crazy
and we were heading to total destruction.

When this fact
will be realized by every single Human Being,
there will be no limits to the Gratitude
for the True master.

* * *

It is necessary to stop
the craziness coming for the dark ancestors.
Let us learn from the Love and the Knowledge of the Self,
that eliminates the unhealthy hatred.

Let us bring back the Supreme Eternal Teaching
of the Knowledge of the Self, taught by the Light bringer Socra-
tes,
and the Teaching of the next Godman, Jesus Christ,
for Divine Love, Respect and Enlightenment.

We offer Indescribable Universal Gratitude
to all the True Masters
who are coming on Earth,
to teach Love and Brotherliness.

In this dark age
which is at the same time the most Bright Age,
we have again a Living Master
sent to us by our Loved Mother Life.

My feeling is to express this to you,
without any intension to hurt your feelings,
all the True Masters
do not have any relationship with any religion,
it is the People who convert their teachings to merchantry
and arbitrarily use it as their monopoly.

* * *

True Masters

do not follow any religion,
they do not need brokers
who will read the books for them.

The Perfect Masters

are the only brokers for God,
they bring Light and their Love,
they remove the darkness of the mind.

I praise all the True Masters,
who are coming on Planet Earth
and save the Humanity
from total destruction.

I am not a worshipper of the personality of the Masters,
I just adore their essence,
all of them are offering the same thing,
their Love and their Light.

* * *

Every day my feelings urge me to sing the praises
of my Dearest Socrates,
who was teaching “Know Thyself”,
he prepared me to recognize
my Master who is alive today.

I study the Teachings of Socrates
for a very long time,
through the Teachings of my True Master,
so now I know what he was talking about,
and I deeply appreciate him.

Those who were studying the Knowledge of the Self
lived a Golden Era,
those who didn't, caused destruction
with guns and knives.

You see the dark people
never liked the Light,
they poisoned the Master
and established the darkness.

This Diachronic Message has come back Alive
by the Master of Today,
and those who wish to experience their Golden Era,
have the Choice to do so.

* * *

The ongoing darkness,
and the enslaving of one Human Being from another,
has brought back the Master again
for those who wanted his Light.

They crucified our Christ
because they wanted to preserve only the dark side,
but the Masters even with their death
they created the lit side as well.

For the Human Beings
there is always the offer of Choice,
to experience within them
the Golden Era.

My dear Friends,
God is not a theory,
available for every religion
to monopolize.

God is only
a personal Inner Experience,
you can feel Him
through the Knowledge of the Self
in your Inner Temple.

* * *

Our dear Master,
now that you are in Tel Aviv,
let your Divine Love
soak all the minds in Israel.

Our dear Master,
now that you are on Earth,
give your light to the People
in this dark era.

The presence of the True Master
brings palingenesis,
the darkness on Earth is removed
and turns into a Bright Era.

If you did not come during this time,
the Planet would have been destroyed
because of jealousy, hatred, irreverence,
craziness and selfishness.

* * *

Love and Light
are Present inside
of my Divine Self,
and they remove the darkness of my mind.

In the Presence
of my Living Master,
my whole Existence
is bathing in his Love and Light.

Without the Presence
of the Living Masters,
People are creating religions
and consequently follows blood bath.

The Presence of the Sun
if Necessary for the Earth,
the same way the Form of the Master
is Necessary for Humanity.

* * *

My Beloved Master
how grateful I am to You,
you have shown me how to live
in the Sweetest Divine Present!

My Beloved Master
I am overwhelmed with Supreme Gratitude,
I could never imagine
that I would ever receive such a Divine and True Gift!

You have given me something more than Life,
Living “Knowledge”,
I can recognize it,
appreciate it and love it.

Before I received your “Knowledge”
I had Life as well,
but I could not recognize it,
appreciate it or love it.

Because if you have Life
and you do not know how to appreciate it,
it is a Gift that was never truly taken,
you live but you also have pain.

* * *

The Coming of the True Master
makes the scenery clear.
Finally Humanity
has two sides.

One side has those who act from their heart,
the other has those who act from their mind.
So now the people have a choice,
those who wish the Light, have to work for it.

When I say work
I do not mean work in this world,
I am talking here about inner work, for elevation,
in order to experience Liberation.

There is an unwritten Law,
when you pursue your elevation,
you inspire the others
and they are also looking for Liberation.

The Difference Between the Mind and the Heart

The ideas of the minds are selfish.
The ideas of the Hearts are Unselfish.
The ideas of the minds are individualistic.
The ideas of the Hearts are Collective.

The ideas of the minds are deceitful.
The ideas of the Hearts are Clarifying.
The ideas of the minds are destructive.
The ideas of the Hearts are Creative.

The ideas of the minds sow the seed of hatred,
irreverence and division.
The ideas of the Hearts sow the seed of Love,
Union and Respect.
The ideas of the minds are to bring slavery.
The ideas of the Hearts are for the slaves to be Free.

The ideas of the minds are profitable.
The ideas of the Hearts are Voluntary.
The ideas of the minds have irreverence.
The ideas of the Hearts have Devotion.

The ideas of the minds
are jealous, can commit crimes.
The ideas of the Hearts
are Kind and can cure.

Those of you who wish to be free
from the sick ideas of your mind,
educate yourself with Wise and Healthy Ideas
coming from your Self Knowledge.

Qualities of the Heart and the Mind

Life

There is nothing more Supreme and Magical
than the Gift of Life,
we are coming from nonexistence to existence,
and we are guests on this Earth.

If Life itself
was not the Joy, the Love and the Freedom,
everything would be so sad,
with no essence at all.

Have you taken a few minutes to reflect
the Indescribable Value of this Life?
If you were an emperor and someone tried to kill you
you would offer him the whole world, just to save your life.

The Value of Life cannot be compared
with all the riches in the world,
without Life
we cannot live even for a moment.

There are no words
to give enough thanks to Life,
Life is offering herself to us,
every moment.

* * *

Death

In the absence of Life
death shows up,
without any voices or Joy,
deep silence, everything around is dead.

Now, here is a strange joke,
as long as they are alive they are asking: is there Life after
death?
And they are expecting for a reply from all, besides Life itself,
since they had no interest to know the answer when they were
Alive.

Life was not given to us
to know it after we die,
Life is waiting for us to be known,
now, that we are Alive.

If you are willing to know Life,
now that you are alive,
you will not have any questions coming from the mind,
Life itself will give you the Answers.

* * *

Knowledge

What a Supreme Gift of Life is Knowledge!

It needs contemplation

to realize

that only the Knowledge of the Self

can elevate the Human Being.

The Knowledge of the Self

is Necessary for Education,

in order the People to experience

Incredible Equilibrium and Health inside.

There is no philosophy or Cosmo theory

that can offer us

Equilibrium and Health inside,

only the Inner Divine Wisdom can do so.

Take with you the Knowledge of the Self

during your journey,

like the body needs the eyes,

you will feel then extremely Rich, with Innumerable Diamonds!

* * *

Ignorance

In the absence of the Knowledge of the Self,
ignorance rules like a dictator,
pretending to be knowledge,
and trying to enslave the people.

You do not know
how to rule your body and mind,
you destroy yourself,
and on top of all that you are setting traps to other people
around you.

I would like to indicate, that the ignorance of your Self
will make difficult the journey of your Life,
ignorance has a dark spectrum,
starting from pride and reaching to unmerciful destruction.

Recognize how Fragile you are
and come back to your Heart,
to discover now that you are alive
your Immortal side.

* * *

Love

Life, Divine Love
is the Supreme and the very First Blessing,
it saturates all and everything
in the Magical Creation.

Divine Love
is Life itself,
in every Living Form
exists Love together with the Generator Life.

Have a look, the Supreme Love
is prevailing everywhere,
in all the kingdoms of the Creation,
Love carries its secret, which is Genetics.

If we did not have inside
the Sweetest Love of God,
all the kingdoms in the Creation
would live the most miserable tragedy.

The Noblest Love of Life
offers balance to all and everything,
it gives birth
to Peace, Freedom and Happiness inside of us!

* * *

Hatred

Hatred comes
when there is absence of Love,
like the darkness comes
when there is the absence of the Light.

When there is lack of Love,
because we have not discovered it inside,
then we feel confused,
and we create weapons to kill each other.

When there is lack of Love,
because we do not experience it inside,
then we have an awful attitude
and we wish to cause disasters to the others.

Hatred generates
criminal arbitrariness,
this is the way the wars start,
from rampant anarchy.

* * *

Joy

Another Wonderful Gift of Life
is the Innate Joy,
you always make sure that it exists
when you look and play with the kids.

The older people have forgotten the joy they have inside,
because they are trapped,
they are chasing joy on the outside,
and are dependent on becoming famous and making money.

Finally Life is Unconceivable,
Indescribable Magic,
the Gifts offered inside and outside
are beyond any imagination.

No matter where you are,
you can feel the Inner Joy,
be United with Life within,
this is Joy by itself.

This is the Incredible Secret,
for those who discover it,
it does not remain secret any more,
since now it is known!

* * *

Jealousy

In the absence of the Tree of Joy
the thorns of jealousy will grow,
first they make you bleed, since you carry them
and then you pierce the others with your eyes, words and actions.

Jealousy is a thorn,
very disturbing,
it does not allow you to enjoy,
not even for a minute.

The way jealousy evolves
is insidious and destructive,
starting from the little brother or the schoolmate,
and ending up to the slaughter of Humanity.

Only with the Knowledge of the Self
you can uproot jealousy from within,
if you do not destroy the nest,
the snakes will always bite you!

* * *

Gratitude

Another Supreme Gift inside of us
offered by our Mother Joy,
is the Gratitude that the devoted Student
can experience.

Sweetest Gratitude
is like the Life Giving water that you drink,
and then your thirst is quenched
and you feel totally Satisfied.

You can feel
the Supreme Gratitude,
when you deeply realize
the Irreplaceable Gift of Life.

I wish you
to have Supreme Gratitude,
as your Moving Power
in the every day journey of your Life.

* * *

Ungratefulness

In the absence of Gratitude
ungratefulness prevails,
when we cannot realize
all the Gifts that Life offers us every day.

The lack of Gratefulness
is like the thirsty
feels defeated in the desert,
and always tormented.

When the cup of the Heart
has no Gratitude inside,
you are not different than those silly people
who do not have intelligence at all.

The disease of ungratefulness
leads you to greed,
and then you become like contagious cancer
for the Society of the World.

* * *

Kindness

Another blessing inside of us
is the Divine Kindness,
those who experience it
they feel Bliss.

Sweetest Kindness
is the Daughter of Life,
when her beauty manifests
makes all the people around her happy.

Kindness can create
beautiful friendship,
all the beings are looking for
this wonderful communication.

Kindness is Generous,
makes the desperate smile,
for this we need to find it inside
and offer it to the desperate,
till they discover it in their turn
and feel grateful towards Life.

* * *

Wickedness

Poor wickedness
rises up when Kindness is absent,
and is ready to bring commotion
everywhere around.

Wickedness does not relate
to anything else,
and is totally indifferent
for all kinds of destruction.

Those who have it inside,
they feel a big burden
and as they try to get rid of it,
they create chaos.

* * *

Compassion

Another Divine Gift
is the Magnificent Compassion, in the Heart,
through “Knowledge” you can realize
that we are all one family.

We must care
for those who are poor and in pain,
and have healthy conditions is the insane asylums
and in the prisons.

They cannot visit us,
they are trapped,
but we need to visit them
and bring Hope and Compassion to them.

Let each one of you offer practical care,
till we prepare a special institution for them,
so that those who are in pain,
can feel that they are also with us.

* * *

Cruelty

In the absence of Compassion,
thorns grow,
and we use them for our Fellow Human Beings,
to wear thorny crowns.

The individualism of the selfish mind
makes Human Beings cruel,
and brings them to the point to be delighted
to see other Fellow Human Being dead.

Where do all wars and injustice come from?
From the horrible cruelty,
that is why hatred and craziness
are still ruling the Humanity.

My dears, please replace
the cruelty of the mind,
with the Compassion
that the Knowledge of the Self teaches us.

So that injustice and wars
gradually come to a stop,
since the Human Beings will have Compassion
and love each other again.

* * *

Chasing
material wealth
will shape you to be more and more cruel,
and you will totally lack Love and Respect.

The way you will bring up your kids
will not benefit them,
you will care neither for your Soul
nor for your kids' Soul.

Being commanding to the kids
will shape them, make them cruel,
this is why cruelty multiplies
and Humanity is suffering.

If there is no Love and Happiness
in our families,
how can we demand for
a beautiful society!

Discover the True Wealth inside of you,
Supreme Love and Respect,
then you will give excellent education to your kids,
and your Heart will always be in bliss.

* * *

Patience

Another Blessed Gift
is the weapon of Patience,
it always makes you a Winner,
in the opponent conditions,
during the journey of Life.

Let us never abandon our weapon,
which is the Powerful Patience,
because the wolves are coming
and tear in peaces the lamb.

Our Mother Life
helps us to grow Patience
in order to have Dignity
and stay far from submission.

Sweetest Patience
will make save you from many troubles,
with your Life as your Guidance
everything will be possible.

* * *

Impatience

Do not make impatience your friend,
it will always offer you unhappiness,
and always chase you
and make you lose the most essential goal.

If there is absence of your Patience
you will have to submit,
and you will become the reason
for your own destruction.

Impatience will make you
greedy and unsatisfied,
every day
will be a torture.

Impatience
will make you like a robot,
wherever you are,
you will cause confusion.

* * *

Courage

Real Courage is coming
only from our Mother Life,
if we do not want to lose it,
we need to focus on Divine Breath.

When you have the Courage of Life,
you do not accept any repression of the soul,
so you will always have
a good relation with your Self.

The Gift of Courage
will always make you Dignified,
you will not fall in traps
or feel shame.

Only with the Courage of Life
you can have Freedom,
those who can Experience that
they pursue to make it known
to the Worldly Society.

* * *

Fear

When you have no Courage
fear shows up,
you become vulnerable
and become terrified.

Two different fears,
one is innocent, you feel like a lamb,
because you did not find within
our Powerful Mother Life.

The second fear
is obsequious,
they can buy you with money or glory
and you can become a criminal.

Some commit crime
by giving wrong directions to the education system,
others use alcohol,
wars, gambling and drugs.

The coward
pretend that they are courageous,
and they are using the harmless
to relieve themselves.

The bragging and cowardly minds
hurt those who are harmless,
they like to enslave them
and exterminate them insidiously.

Respect

Another Supreme Gift,
is Sweetest Respect,
no temptation
can affect you.

When you come in contact
with Divine Life within,
it is incredible how much you respect Yourself
and anything else on Earth.

Respect makes you honest,
you do not make fights or adultery
you do not take part in depravity
or in murders.

When we are full of Supreme Respect
to our Mother Life,
only then we can feel
that we are worthy Human-Gods.

* * *

Irreverence

When you do not experience within you
Divine Respect,
then irreverence is your leader
every moment.

Irreverence makes you arbitrary,
hypocrite and evil intentioned,
you are looking for power,
because selfishness is your leader.

Irreverence carries you away
to a constant tension,
it makes you show
miserable audacity.

Irreverent people are unaccountable for their actions,
they become looters,
and very easily
they are killing each other.

* * *

Admiration

This is another Incomparable Gift inside of us,
the mechanism of Admiration,
it becomes active only
with the Knowledge of the Self.

Why am I mentioning only
the Knowledge of the Self?
Because then you will be able to admire
the Indescribable Art of the Creator.

The admiration of the mind
is for this world which is like a circus.
The Admiration of the heart
is for the Supreme Beauty.

The eyes of the Soul
appreciate Imagination to be incredibly Magical,
with the material eyes of the mind
we cannot see the Immaterial Lit and Full of Colors Magic of God.

* * *

Apathy

If you do not feel within
the Admiration that Life has offered you,
your unconscious apathy
will cause disaster.

Apathy is creating garbage
and the garbage create corruption,
and the sick apathetic person
wants to smash everything.

Apathetic people destroy the Divine Nature,
that feeds us with its fruits
because they are not interested at all
about the recently born Kids.

Your apathy
can make you stupid and unaccountable,
but your Admiration for Life
can make you intelligent and responsible.

* * *

Recognition

One more Divine Gift
is the Sweetest Recognition,
it makes you Conscious every moment,
to be in touch with Life within.

Recognition needs to start
from your Body, which is a miracle,
by learning to focus on the Divine Breath,
where our Mother Life is vibrating.

Besides our Body-miracle
we are witnessing
Innumerable other miracles,
and when you recognize them
your Gratitude is like a Queen.

The Sweetest Knowledge of the Self
offers Enlightenment to the Mind,
and then wherever you look
you will admire God's Magic.

* * *

Non recognition

In the absence of Recognition
there is an incredible void inside of us,
we are lost on this Planet
without a Supreme Goal.

If you do not recognize our Mother Life,
who is always with you, in every Breath,
I am asking you, my Dear Brother,
why have we come on Earth?

Have we come to recognize
our human deadly games,
that have brought the early death
to Humanity?

We have taken away our Recognition
from the Highest Miracle, our Life,
and we invested in the little human miracles,
which are for the Creator, like the little toys of the babies.

* * *

Appreciation

If you appreciate your Life, first of all,
this is going to be the lamp in your yard,
to show you the tricks of the minds
and where your enemies are hidden.

When you have a priority
to appreciate Life,
even if you live in hell externally,
at the same time, you will experience the Inner Celebration.

When you have appreciation
for your Mother Life first,
nothing will scare you
no matter what kind of destruction takes place.

People suffer
from the lack of Healthy Appreciation,
they have put their priorities in other things,
like money, fame and food.

* * *

Another Divine Gift
and weapon, at the same time
is your Appreciation,
your Invisible Sword.

You need to sharpen it all the time
in the Perfect Sharpener,
our Mother Life,
so that none can ever beat you.

You need to appreciate
your Life first,
and not allow to the garbage
to steal your time and your attention.

Do not let them take the Power of your Appreciation
to your Supreme Life,
it is easy for them to sell you gold plated jewellery
saying that they are made of pure gold.

* * *

Robotization

With the absence of Appreciation
robotization is born,
and you are directed by other people who are like parrots
far from yourself.

Human beings are converted
in all phases, from kindergarten to higher school,
it was supposed that they will be given wisdom
to be able to find job and happiness, when they grow.

They teach them to appreciate
the garbage stupid people offer,
and when they come out in the field of Life
they become like poisonous snakes.

My dear Friends, if you do not appreciate Life itself,
your teachers and their teachings make
the most conniving destruction,
because they are the obstacles
to our pursuit of our Mother Life.

* * *

Understanding

Another Divine Gift
and weapon that can save us, is the Understanding
that our Highest Life
has offered to us.

When they change your power of appreciation
at the same time your Understanding eliminates.
How can you understand the Truth,
when everybody has been telling you idle stories,
since you were young?

We need to listen again,
with humility, like when we were little kids,
to hearken the Truth
and gradually to reject the idle stories.

It is necessary to understand
our Mother Life,
because this is the only way to be enlightened
and get rid of the most dark age.

* * *

You need to Return inside
in order to discover your Divine Life,
because only in the company of Life
you will be able to increase your Understanding.

When you hear
the Words of Truth,
try to understand them,
because they will direct you to your happiness.

When you hone your Understanding
with your Sweetest Life,
you are set free from doubts,
because you experience Inner Bliss.

Today an Incredible Choice is offered to each one of us,
where do we want to invest our Hope,
our Appreciation and our Understanding,
in this world or in our Divine Self within us?

* * *

Doubt

With the absence of Understanding
doubt is born,
and this becomes your trap
in your personal history.

The ongoing doubt
will bring craziness,
when they offer Knowledge to you,
you chose ignorance.

The lack of Understanding
of the Supreme Gift of Life
will make you confused
and desperate in the journey of Life.

Doubt will not enable you to be fulfilled,
without discovering your Life, this is not possible,
only Life can offer
your desirable liberation.

* * *

Clarity

This is another Divine Gift
of our Mother Life,
when you walk together with Life
you will always be clear.

Sweetest Clarity
always keeps you awakened,
protects you from the traps
and makes you Happy.

Clarity helps you
with an incredible way in the journey of Life,
like the windshield wipers
help in the rain.

Clarity teaches you
what it is that you really want,
makes you capable to reject the garbage,
although they have changed your mind in order to like them.

* * *

Confusion

In the absence of Clarity
you will always be confused
and you become unhappy,
when you follow your wrong choices.

Confusion will always
have you divided,
you will blame all the people around you, that they make mistakes
and they are doing you wrong.

Confusion will lead you
in the darkness of the world,
and your journey
will be covered with thorns.

Replace confusion
with your Divine Clarity,
so that you benefit
and also make a good foundation for the next generation.

* * *

Discipline

Another Divine Gift
and Irresistible weapon
is offered by Wonderful Life,
this is Discipline, that can always make you win.

Discipline creates
inner wings for you,
so that you are not attached
to the material deadly games.

Discipline will always keep you far from traps
in your every day destiny,
and the journey of Life
will become magical, incredible!

Your destiny is not in the future,
it is in today, it is inside of you,
my proposal for you is to know Life,
that offers its Magical Tools!

* * *

Discipline is an Incredible and Exciting Gift
taught to us by Life,
in order to beat the illusion
and feel fruitful every day.

Mind can never imagine
what a lesson is offered to the student by Discipline,
he is evolving inside every day, with Wisdom
and lives an Inner Incredible Magic.

The student of Life
is exactly like the bird,
it walks on Earth,
but as soon as the trapper tries to catch it,
it has the Gift of its Wings, and flies away.

* * *

Indiscipline

With the absence of Discipline, that can save us,
is dancing indiscipline, that can destroy us,
that is why we have prisons
and insane asylums.

The undisciplined
cannot be neat,
therefore he causes confusion
to the people around him.

Indiscipline
has also its scale,
it can be individual or global,
it sows destruction.

Indiscipline has driven Humanity
to a miserable fall,
and only the Knowledge of the Self
can bring elevation.

When I am mentioning Humanity,
I am talking about you as well,
you are not exempt
from “Know Thyself”.

* * *

Will

Another Divine Gift
and irresistible weapon,
given from our Creator
is the Will to attain our Supreme Goal.

They have taught us to use our Will
just for pursuing garbage,
and then to have poisonous snakes
in our inner house.

We want to have within, the company
of pride, jealousy and hatred,
lie, greed, ungratefulness,
lust, artifice and complete hypocrisy.

My friends, you can see clearly from your experience,
that to live a bad day or a nice day
is something totally dependent
on what company you have.

* * *

Negation/rejection of Life

Another Inner Blessing
given from our Mother Life, who created us,
is the “negation”
of our destruction.

They did not teach us, when we were young
about the Knowledge of the Self,
because they wanted to push their garbage
in the house of our mind.

With merciless bombardment of garbage,
they managed to convert our True Self
and instead of rejecting the garbage
they taught us to succumb to everything.

The problem starts
because we want those things that hold us down
and we reject the things
that will elevate us.

Through habit, although we should reject
we accept,
we accept our destruction
and deny to learn about our Creator Life.

You need to learn what you should want
for your elevation,
and what you should reject
for your immobilization,
this is a lesson given from Life.

Simplicity

Only Divine Life and its manifestation
can express the Wonderful Simplicity,
where the Indescribable Magic is transformed
by the Untraceable Entirety.

I have no words to express
my Awe and Admiration,
just because I realize
that I am also one of the Miracles of Simplicity.

Let us try to become simple,
and approach our Mother Life
with the Knowledge of the Self,
and let her be the Guide of our mind.

The more we become simpler
the journey towards Life becomes more beautiful,
you do not worry to reach somewhere or become something,
because you have found Life, the Supreme Diamond.

* * *

Complexity

In the absence of the wonderful Simplicity
emerges the stupid complexity,
by which the so called “scientists”
have driven crazy the Humanity, with their theories.

Each one can easily write
any kind of theory,
print it in books
and sell it for education.

Each one can create
a crowd through their theory,
and when they start to fight
they end up with garbage.

The crimes that are made
by the complicated People
in the Worldwide History
are beyond any imagination.

Those who are possessed by guile,
pursue only the theories,
they are not interested at all
in experience.

* * *

Purity

Another Divine Gift
of our Mother Life,
is the childlike Purity,
for which is needed Total Consciousness.

Only Divine Life
is Purity by itself,
and offers the Possibility
to experience it.

Only when you are consciously tuned
with the Divine Breath,
then you feel Pure,
because you become one with Pure Life.

Divine Life purifies you
and you feel like a Pure Kid.
And then you love all the kids in the world
innocently, from your Heart.

* * *

Immorality

With the absence of Purity
you become a slave of immorality,
you would do anything for yourself
in order to manipulate your Fellow Human Beings.

In words you are supposed that
you are their servant,
in action
you murder them.

Each one is doing this
in a different scale,
someone has only one servant
and someone has a whole nation, in their net.

When you do not learn
from the lessons that Supreme Life gives,
the temptations
will extirpate you.

* * *

Disinterest

Our Sweetest Life
is Disinterest by itself
and teaches its creatures
to live with Dignity.

The way you experience Freedom
when you are tuned with Life,
the same way you feel Free,
when you become Selfless.

When you are Selfless,
you never feel shy,
and you are at the same time
incredibly happy.

Generous Disinterest
creates peaceful circumstances.
People with Knowledge work with devotion
for the Light of Life to shine again.

* * *

Selfishness

Like in the absence of Light
there is darkness,
the same way in the absence of Disinterest
Humanity is in a sad plight.

The face of selfishness
is in every human mind,
and everyone hides it
with a different way.

The universal disease
has corrupted Humanity
there is so much cheat between people, being so serious-look-
ing,
stony feloniousness is behind all this.

Like the cancer
destroys the body,
the same way selfishness
reduces to nothing the Human Being.

* * *

Dignity

Another Divine Gift
that the Highest Life offers us,
is that those who are students of Life
become Dignified.

Sweetest Life teaches us
not to disturb one another,
because we have all been created
by our Mother Life.

Life also teaches us
that we are all passing
and we should not destroy anything
on its kingdom, Earth.

Visitors come all the time,
we should not cause any kind of destruction,
let us be dignified
and worthy of the Divine Life.

Like in every country we preserve
the admirable works of our ancestors
to attract the foreign visitors,
the same way let us preserve
the Admirable Planet of the Creator
for the blessed visitors.

* * *

Indignity

In the absence of Dignity,
indignity manifests,
gossip, defamation
and a lot of stupid guile.

Your every day journey
becomes more and more worthless,
because you are in the company of people
who are very flat.

If you would like to stop
the rolling down of your mind,
I suggest that you invest
in the Knowledge of Yourself.

The only company
you can experience with Dignity,
is to become a sincere student
of the Supreme Life.

* * *

Justice

The Powerful Life,
when you become its student
will teach you Justice
and you will feel Bliss.

When you obey Justice
you will not feel shame,
you will be in the arms of your Consciousness
during the whole journey of your Life.

Like you dislike injustice
towards Yourself,
the same way you should avoid
to damnify any other Fellow Human Beings.

Treat Justice like a Queen
in your Heart
and in turn she will have you always
like a Dignified King.

* * *

Injustice

With the absence of the Inner Justice
the mouse of the injustice is dancing,
wherever you take refuge
you want to bite everybody.

Do not have every day
unfair treatment towards other people,
because unfortunately, my brother,
you will be driven to the corruption of your mind.

Your mind thinks that you are the winner
because you gain from the unfair actions that you take,
yet your inner fall is guaranteed
in the journey of your Life.

I feel that now is the time
that people should learn from their education in schools,
that the reason of their diseases
is because of their thoughts and actions.

* * *

Hope

They mislead you to place your hope
to the leaders,
who are supposed to create a better life for you
and this is a statement they parrot, till your last Breath.

That is why you need to gain
your Hope again,
and place it inside of you,
this will be your Armor.

Those who borrow or sell
their Hope to the others
will always be dependent,
like poor slaves.

Hope is a powerful weapon,
it is like an innate Gift of God,
in order to appreciate its preciousness,
we need the Knowledge of the Self.

* * *

Let's say Hope is like your money,
then some "parrots" show up,
to manage it
and before you know you are finished.

When you withdraw your Hope
from your Divine Self,
they will devour you, your mind
and everybody else's mind.

The "parrots" are shooting
for the most felonious exchange,
they steal the Hope from you
by using unaccountable rhetoric.

Do not set yourself in a trap,
you need to learn where to offer
your Hope and your attention,
offer them to the one who gave them to you.
Where ? To our Mother Life,
only she does not want us to be poor.

* * *

If you offer your Hope to other things
you will lose something,
but if you offer it to your Life,
you will reanimate yourself.

When they steal from you the attention and the Hope,
they have used the worst way to trap you,
they will not let you get out of there,
they have managed to build a cell in the prison of the mind.

What else do you think
that the trap or the cell are?
They are the needs that they have created for you
and you carry them in your mind and your body.

If you want to be liberated
you need to Return inside,
Freedom is waiting there for us,
our Mother Life.

* * *

Desperation

With the absence of Hope
desperation sprouts,
and then chaos manifests
and shameless plunder.

My dear friend, you need to observe
the two opposites,
desperation is the drink of unhappiness,
Hope is the Nectar of Bliss.

Desperation
unfortunately takes away Lives,
and traps the People
in unexpected disasters.

Desperation leads you
to become the puppet of anyone,
that is why I recommend you
to keep your Hope within!

* * *

Peace

Our Supreme Life
is Peace by itself,
those who experience it
feel indescribable Gratitude.

The Inner Peace of Life
will terminate your war,
because you will love Supreme Life
and every Fellow Human Being.

To those who invest
in the Supreme Harmony,
Life offers
endless Health of the Soul.

Sweetest Harmony
can set you free from the madhouse,
can set you free from carrying weapons,
and from any kind of trouble.

* * *

War

In the absence of Inner Peace
your inner war is raging,
and your division
causes fights with every fellow human being.

Your inner division
is like a hidden hand grenade
and at the same time
a deadly trap.

Unfortunately, division
has also its scales,
its is an uncured injury
that can destroy either a single human or the whole world.

That is why it is extremely necessary for the leaders of the
countries
to study Self Knowledge,
and inspire the people
for Inner Peace and Prosperity.

* * *

Freedom

Real Freedom
is a Quality that Divine Life has,
if you do not become a student
you will never be able to feel it.

People misinterpret
Divine Freedom,
they can do anything
in their unconsciousness.

My dear Fellow Human Beings,
Supreme Magical Freedom
has absolutely nothing to do
with human unaccountability.

We are trying to cover
our disgusting and criminal
actions and thoughts,
by using the most polished words.

Only the Wonderful Self Knowledge
can change the Human History,
by offering Peace, Wisdom,
Love, Freedom and Prosperity.

* * *

Every Human Being
has two Leaders,
one Leader is God,
the other is the mind.

God shows you
how to have discipline,
you are always the Winner
and feel Inner Freedom.

Mind urges you
to do whatever you want,
then you are driven to anarchy,
and every day you are chasing with misery your desires.

God gives you discipline and
— makes you always experience Freedom —
The mind gives you anarchy and
— makes you always feel slavery and misery —
Now is the time to use Wisdom!

* * *

If you want to have Discipline
you need to listen to the Inner Wisdom,
which is actually Life itself,
and then you will feel Supreme Freedom.

For this, my Dear Friends
do not identify
the Wonderful Freedom
with arbitrariness and anarchy.

Divine Freedom
is Life itself,
and in order to experience it
you need to give your mind, soul and body.

If Supreme Life
is not Freedom by itself,
Life would not have any students to make a confession
and to speak about the Bliss it brings.

* * *

The Unexplainable Miracle
of our Mother Life,
is Supreme Freedom,
it supersedes every fantasy.

If you want to have the privilege to enjoy it
and never lose it,
you need to become a student
of the Almighty Life.

When you invest within,
in order to recognize your Life,
then your everyday Freedom
will become the food of your soul.

This Incredible Fulfillment
of the Human Soul,
can be attained only
if you become a Student of Life,
in the rhythm of Divine Breath.

* * *

Slavery

Freedom and slavery
both exist within us.
Freedom is Life itself
and slavery is mind itself.

The impersonal ruler
of your prison and unhappiness
are the thoughts of the mind,
they are your everlasting enemies.

What else do you think that slavery is
beyond your thoughts,
that take you to the future and the past
they steal the Sweetest present from you.

Wherever you live, whatever you do,
if you do not live in the present
where Life manifests with the Divine Breath,
you will always be a slave in the prison of the mind.

Only with the salutary Knowledge of the Self
we can bring forth Bright History
and feel that we have accomplished the mission we have,
as living creatures of the Supreme Life!

* * *

Slavery is the absence of Freedom,
like unhappiness is the absence of Happiness.
Slavery and misery are manifesting inside of you
and when you discover Life within,
they disappear!

Like the presence of the Light
removes the deepest darkness,
the same way Life removes our darkness,
since it is the Supreme and most Bright Diamond.

Slavery does not exist
only in prison,
everybody carries it within
the cage of the mind.

The invisible commandos
are the thoughts of your mind,
they will always pursue
to slave your Soul.

* * *

In the absence of Inner Freedom
what else is there apart from slavery,
you are doing everything without any results
in order to feel Freedom.

All the human beings
are seeking for Freedom,
but they are trying to find it
amongst irrelevant things.

People do not know
how to experience Inner Freedom,
they are cheating and committing crimes
with horrible arbitrariness.

They transform the Noblest Freedom
to anarchy,
everywhere you see people compromising
with many-faced hypocrisy.

* * *

Harmony

The other Blessing
is Inner Divine Harmony,
you do not need songs, dancing and music,
when you are Focused on the Divine Breath.

Supreme Life is Music by itself,
it dances together with the Student with the Divine Breath.
Divine Life does not need any chorus,
on the contrary, it is disturbed by the drumbeating.

But because we have not Inner Harmony,
we create songs, music,
dances and drinks
in order to find the untrue Happiness.

As long as we try
to create our Happiness,
we will never feel
what is Supreme Harmony.

Divine Harmony
allows you to live in balance,
amongst all the various
uncontrollable madhouses that the society has created.

If you do not want to be weary
with the dance of this crazy disharmony,
you need to rest in the rhythm
of your Divine Harmony.

Inner Harmony is the Health of the Soul,
without this the mind gets crazy.

Disharmony

When you are not in harmony
with your Mother Life inside,
your journey will be accompanied
with permanent injury.

Your disharmony
causes misery,
not only to you,
but to all the people around you.

As long as you are in disharmony
you will always look for troubles,
and every new day that you live
will be a miserable story.

That is why if you want to be saved I recommend
the Knowledge of Yourself,
in order to learn the Harmony
between your body, soul and mind.

* * *

Bliss

Another Divine Blessing
is Supreme Bliss,
in order to experience it
you need to feel Life inside of you.

When the Human Soul
is united with Life within,
then the Human Being
will consciously be able to arise from the dead.

The Joy that the Soul experiences,
when is met with Life,
is beyond any fantasy,
I wish you to reach the Supreme Experience.

Then the Soul knows
the Divine Dance
and dances with the Breath
in the rhythm of Magical Life.

* * *

We have inside of us
Incredible Gifts and Blessings,
that are beyond
our sweetest fantasies.

We go everywhere and we are doing everything,
begging for Happiness,
and inside of us is waiting
Supreme Bliss.

No matter how bad is
the worldly game,
when you meet with Life within you,
this game will be transformed to a delightful Journey.

Our Mother Life
is Bliss by itself,
if you offer soul, body and mind to your Life
your Inner Smile will be Everlasting.

* * *

Schizophrenia

Divine Bliss
is the result of the Meeting
of the orphan Soul
with the Love of our Mother Life.

Where do you think is coming from,
the ongoing disease of schizophrenia?
It is because the People cannot find
the Supreme Relation.

Schizophrenia has its scales
and is also contagious
it can, very easily, cause
the destruction of the world.

Experience the Sweetest Bliss
coming from the Divine Self Knowledge,
that will always fill you
with the Health of the Soul.

* * *

Happiness

Sweetest Happiness
is also a property of Life,
to experience it
you need to become a student.

None can buy
Supreme Happiness,
you cannot create it,
and it is not material to shape it.

Divine Bliss
is the innate embodied wealth of God,
who has gifted every Creature,
to feel the True Joy, wherever he is.

The Invaluable Wealth
that exists within us,
cannot be described
and only the soul can feel it.

* * *

Unhappiness

In the absence of Happiness
unhappiness rules,
you feel so void within you
and you are running everywhere like a hunter.

The void within us
creates craziness,
that is why each one wants to eat the other,
like an appetizer.

Those who are miserable
create uncured disaster,
and they see everything around them
so gloomy.

The queen of unhappiness
has brought deepest darkness,
marry the Queen “Life” of Happiness
and Humanity will shine again.

* * *

Wisdom

Another Divine Quality
is the Wisdom of the Almighty Life,
if you want to make your journey Magical
you need your Mother Wisdom.

Ask to have wisdom
as your permanent companion,
during your journey
and your body, soul and mind will be in bliss.

The Supreme Wisdom of Life
is incredibly simple,
and is offered generously every moment
with your Divine Breath.

Embodied Wisdom pursues
to remind People how to live
with Love, Peace, Freedom and Dignity
and to always prosper.

* * *

Ignorance

The lack
of Inner Wisdom
is covered with stamped papers
and diplomas of philosophy.

They have changed the name of the most Sacred
and Magical word Wisdom,
to philosophy,
and they study it as a theory in the schools all over the world,
but they cannot experience the Divine Wisdom,
because they study human philosophy.

Divine Wisdom is one thing
and the human ignorance is another thing
that likes the theory,
and reading books to get diplomas.

Divine Wisdom has absolutely no relationship
with human philosophy.
Wisdom is the Supreme Experience,
ignorance is theory.
Wisdom is offered by the Creator
and ignorance by the cynical Human Being.

* * *

Devotion

Another exquisite Gift and Powerful Weapon
given from our Mother Life,
is the learning of having devotion,
in order to attain liberation.

Magical Devotion
is a Divine Inner Feeling,
offered as a Gift, if you ask for it
from your Divine Self.

Devotion is not
depreciatory action,
on the contrary
it is Supreme Freedom.

Regardless of your occupation,
you can be totally devoted
to the Divine Work of Life,
be the messenger of the True Master
and make known his Message
for the union of the people on Earth.

* * *

Irresponsibility / Inconsistency

When you travel the journey of Life
without a Highest Goal,
unfortunately the journey will be painful,
uninspired and disappointing.

We easily undertake
unbelievable shallow projects to accomplish,
and in return deep misery comes back to us,
like boomerang.

Irresponsible action against the Elevation of the Soul
can lead a Human Being to corruption,
that is why the planet Earth
is groaning in a way none can describe.

Irresponsibility
has its scale as well,
one side is to let your parents feed you,
and the other is to make luxurious depredation in your Life.

Consciousness

Sweetest Consciousness
is the Unmistakable Leader,
protecting us from innumerable traps
and making us dignified.

Admirable Consciousness
is God's deeper voice,
who speaks to our mind,
so that we do not cause any harm to our Fellow Human Beings.

Those who obey Consciousness
feel Winners and Happy,
those who do not care about it
are always lost and unhappy.

Our Protector Consciousness
is like the breaks of our car,
so that we do not fall in gorges
during the journey of our Life.

Unconsciousness

Finally, my Dear Friends,
since we know what problems we have,
let us recognize the reasons of our sufferings
and use our Wisdom,
so that we do not repeat the same mistakes.

When we discover
the Supreme Wisdom within,
we can experience it with Self Knowledge,
and then we will be protected from unconsciousness.

If we do not water with Self Knowledge
the seeds sown in Education,
thorns and misery
will be the rulers.

When we promote Self Knowledge,
starting from Pure kindergartens,
People will be Dignified
with full Honesty.

Awakening

When you become a student
of Supreme Life,
you will always be awoken
and at the same time Blessed.

Sweetest Awakening
keeps you in consciousness all the time,
it helps you observe the magic of Life,
which is spread out everywhere,
it helps you experience the Inner Dance.

The Highest Gift of Awakening
can make the journey of Life beautiful,
you become full of Gratitude
every Divine moment.

When I am saying Awakened,
I do not mean awakened
to encounter the problems of the world,
this kind of awakening does not give you any happiness,
on the contrary it disappoints you,
I mean Awakening towards Life within you,
so that it can make you feel its magic.

Sleep

If you are not in touch
with your Mother Life within you,
you are like a living dead,
since you are unaware of the highest event.

Do you think that because we are driving
or we speak, sitting or standing
that we are truly awakened?
Unfortunately we are sleeping, far from Life.

When you do not experience at any time,
the Freedom and the Happiness coming from Divine Life,
I am sorry my Brother, you need to awaken
because you are in a very deep sleep.

Invest in the Knowledge of the Self,
to realize Life within you,
then you will be Awakened
and happy every moment.

Passion

Real Passion is Healthy,
created by the Noble Message
“Know your Divine Self”
it helps you harmonize Body, Soul and your mind.

Increase your passion
for the Supreme Gift of Life, every day
and your Life will teach you
how to attain liberation!

The passion for the Divine Gift of Life
needs to stay inextinguishable,
if you put it out
you will be miserable throughout your journey.

Your passion for Life
will always keep you in Clarity,
it will bring Health to your Soul
and you will live with Peace and Bliss.

* * *

“Apathy” for Life

When your passion is far from
your Mother Life,
you will be surrendered by apathy,
which will bring destruction.

Those who do not have any passion
to learn about Almighty Life,
become the reasons that multiply the cancer
on Planet Earth.

If you put focus on your passion in Life
and not in so many
useless things,
then you would live amongst Miracles.

Do not stay apathetic
for the Knowledge of Yourself,
because you will become the reason of your fall
and of the fall of the others.

Supreme Human Success

The Supreme Success of the Human Being
is to discover Life within
and stay a Devoted Student,
learning all the time
the Divine Art of Life.

The Divine Art of Life
manifests every moment
in its own creation,
our Divine Breath.

In our Exquisite Breath
is hidden the Supreme Secret,
to live in our Paradise
every moment.

My Dear Friends
if you want to make it possible,
I would like to introduce to you the True Master,
otherwise you will live in a deceitful dream.
